Premier Claims Victory

Viet Nam Leader Defies Rebel Chief To Try His Removal; Casualties of 1,000

SAIGON, South Viet Nam (AP)—Premier Ngo Dinh Diem claimed victory in bloody civil strife today and defied the authority of Chief of State Bao Dai to remove him.

Diem's American-backed government, in the second day of show down battle with the Binh Xuyen society, said the Premier was "indispensable" to the country. Despite the victory claim, fighting which had caused casualties of perhaps 1,000 killed or wounded continued in the area between Saigon and its Chinese suburb of Cho Lon. One clash flared only four blocks from the U. S. Embassy. Fires raging the past 24 hours made thousands of persons homeless.

The government said its shock troops had blasted the last of the Binh Xuyen from their lone remaining stronghold guarding approaches to the society's headquarters in Cho Lon. The building was reported ablaze from Nationalist artillery.

Bao Dai, who lives on the French Riviera, summoned Diem to confer with him there by Tuesday. This was regarded as virtual dismissal for Diem. Bao Dai also ordered military authority transferred from Gen. Le Van Ty, who as army chief of staff is directing the war against the Binh Xuyen, to Gen. Nguyen Van Vy, a French-supported general opposed to Diem.

In Paris, the French government, which has been seeking Diem's replacement for some time, in his efforts to get Diem out. Apparently was supporting Bao Dai. Premier Edgar Faure told a news conference it was evident Diem's government was no longer equal to its tasks.

There was no indication Bao Dai would return to Viet Nam. He has not set foot on Vietnamese soil for more than a year.

The Premier issued his victory statement as the national army announced its shock troops had driven Binh Xuyen forces from the Van Cam Theater, the last major rebel stronghold guarding the approaches to the society's headquarters outside Cho Lon.

Diem appealed to the free world for aid in maintaining South Viet Nam's independence.

The withdrawing rebel forces blew up a bridge across the Chinese Arroyo — a canal between Saigon proper and Cho Lon — and then spread out along the banks of the arroyo. The rebel headquarters was reported in flames from army artillery.

Small fights raged in various sections. Extra Marines were posted at the American Embassy.

By noon today, the army said it had occupied or neutralized all important Binh Xuyen posts on the government side of the arroyo and the Saigon River. The army said it was firing pointblank across the canal at rebel Gen. Le Van Vien's command headquarters and would assault it later.

Fires started by the incessant artillery and rifle fire had burned away more than a square mile of straw huts on the outskirts of Cho Lon. They had housed thousands of refugees from Communist North Viet Nam.

More throngs of fire-displaced refugees streamed into the French section of Saigon today, seven miles from Cho Lon.

The French zone, where almost all non-Vietnamese live is protected by France's expeditionary corps. Life went on normally there today, with businesses open as usual.

Tobacco Men Favor Further Acre Limit And Price Supports

WASHINGTON (AP)—Preliminary returns from Missouri's burley tobacco growers showed a heavy preponderance in favor of further acreage reductions with price supports.

Early Missouri returns, 1,271 for and 37 against rigid price and production controls, were in line with that of other burley tobacco states.

Confers With Nevada Attorneys--

McCloskey Will Start Work On Ordinance Filing Monday

Preliminary work on the revision of Sedalia's city ordinances will start Monday according to John C. McCloskey, special counsel and attorney in charge of the operation. McCloskey was named by the council to "completely revise and index the ordinances" at the last council session April 18.

The first ordinances to be considered will be those pertaining to the operation of the police department and police court, according to McCloskey.

Last week McCloskey had a conference with Amos Wight, attorney associated with Ewing and Ewing, law firm at Nevada, to discuss problems encountered in ordinance revision. Wight is at the present time making a revision of Nevada ordinances and has been at the task for the past year and a half.

McCloskey reports that as a result of the meeting with Wight as much as six months work has been saved. He explained that the two cities are confronted with many revision problems that are similar, although Sedalia is better fitted with the advantage of having recent revision of traffic, res-

Chiang Ships Shell Mainland, Hit Red Guns

TAIPEI, Formosa (AP)—Chinese Nationalist warships have shelled the Chinese mainland near the Matsu Islands and destroyed a considerable number of artillery positions, navy headquarters claimed today.

The navy said the warships—number and nature not disclosed—poured more than 100 shells into artillery positions in the vicinity of the Huangchi peninsula, 10 miles north of the main island of Matsu on Thursday.

The shelling was preceded by attacks on Communist craft near Huangchi on both Wednesday and Thursday, the navy said.

Targets of the shelling included docks at Huangchi where the Reds had been reported unloading supplies presumably for use against the Matsus.

The town of Huangchi is five miles from the nearest Matsu. The communiqué said Thursday's operation was directed by Capt. Liu Peh-kai.

The navy's announcement came in the midst of uncertainty and fear hanging over this Nationalist capital — fear that U. S.-Red China talks would do this government no good.

Free Navy Dance Will Be Gala Finish To Clean-up Week

Clean-Up Week will end Saturday with a big free square dance on Mike O'Connor's lot Fourth and Kentucky, starting at 8:30 p.m.

Now that everybody has worked all week getting the town cleaned up it is time for a little fun and all the people who square dance are welcome to enter in and do a little swinging and stepping. Those who don't square dance will enjoy watching those who do — it is always a colorful event when square dancers get together.

Callers for the free square dance will be from the Square Dance Callers Association.

The square dance is sponsored by the Chamber of Commerce with Damon Hieronymus chairman.

Rev. Bryan Heads Christ Disciples

Reverend David Bryan, pastor of the First Christian Church, was elected president at the annual state convention of the Disciples of Christ held in Chillicothe on Thursday.

The Rev. Wayne Testerman, executive secretary of the Kansas City Christian Church Commission, was elected first vice president, and Mrs. James Washburn, La Belle, Mo., second vice president.

Other officers named were: William Barnes, St. Louis, secretary; Robert Traugott, Keytesville, treasurer, and C. C. Damil, Jefferson City, and Mrs. Lloyd Brooks, Butler, members-at-large of the executive committee.

The new officers were installed Thursday night in connection with a mass communion service at the First Christian Church. More than 1,000 delegates attended Thursday's sessions.

During this week the Disciples of Missouri heard many significant addresses by nationally known leaders of their church including Dr. A. Dale Fiers, president of the United Christian Missionary Society of Indianapolis; Dr. Dwight E. Stevenson of Lexington, Kentucky; and Dr. W. A. Welsh of Dallas. Many from Sedalia were in attendance including Miss Kathryn Noyes, Director of Religious Education at the First Christian Church, Harvey Brimmer and Cecil Owen had parts on the laymen's section of the program.

Mrs. Bryan concluded her year as state president of the Minister's Wives Fellowship by presiding over a banquet and business meeting on Thursday.

The next annual convention will be held at Jefferson City.

Another Polio Victim

ST. LOUIS (AP)—A 4-year-old St. Louis boy who received two shots of Salk vaccine manufactured by Cutter Laboratories of Berkeley, Calif., has developed a virus infection tentatively diagnosed as polio, the child's physician said today.

Differ Sharply In Particulars--

Britain's Two Major Parties Outline Their Platforms for General Elections, May 26

LONDON (AP)—Britain's two major parties squared off today with lengthy manifestos outlining their platforms for the May 26 general elections.

Both promised to work for peace and more prosperity. Both said they would seek early talks with the Russians. Both said they would keep Britain's defenses strong until world disarmament is a reality.

Otherwise their programs differed sharply.

Prime Minister Sir Anthony Eden pledged that his Conservatives, if kept in office, would try to agree with the Soviet leaders on "proposals which will make a fresh advance towards disarmament and security for all peoples."

On the home front, the Conservatives promised to develop Britain into a "property-owning democracy." More export trade, in line with the party's "trade not aid" policy, was again a cardinal point.

The Labor party of former Prime Minister Clement Attlee promised to work for neutralization of Formosa, an immediate end to H-bomb tests, early peace talks with Russia, cuts in the cost of living and further nationalization

of industry to broaden the welfare state.

Eden said his party has far-reaching plans for Britain's future. "We need a mandate measured not in months but years," he said, in an appeal for a strong working majority in the House of Commons, where the Conservatives now have an over-all margin of only 19.

Eden said Britain must resign itself to continued high spending to keep defenses strong.

"However costly, its price is worth paying to avoid war," he declared. "We must make it certain that any would-be breaker of the peace knows beyond all doubt aggression will be met and at once by overwhelming retribution."

The statement continued: "We have built a unity of the West and our country has played a leading part in this. We are now ready for wider discussion."

"We will spare no effort to bring about meetings with leaders of the Soviet Union and try to agree around the table on proposals which will make a fresh advance towards disarmament and security for all peoples."

Outbreak Of Polio Average

US Surgeon General Repeats His Faith In Salk Vaccine; 12 More Cases Told

WASHINGTON (AP)—California's postinoculation outbreak of polio stood at 12 cases today, raising to 17 the number of treated U.S. children known to have contracted the disease.

But Surgeon General Leonard Scheele, who heads the U. S. Public Health Service, reiterated his confidence in the Salk polio vaccine and added:

"There is nothing unusual about the polio picture across the nation. It follows very closely to the five-year median."

Without reference to the vaccine, the health service said it had reports of 106 new polio cases in 47 states last week, compared with 117 for the nation in the comparable week last year. Such reports are made weekly.

In a special tabulation, the service listed 11 cases in which children who had received their first shot of the vaccine had contracted polio, but the California State Health Department recorded six additional cases on which reports had not yet reached Washington.

The total thus included 12 in California, two in Idaho including one fatality, and one each in Chicago, Denver and Columbus, Ga.

All except the Georgia child had received inoculations with vaccine prepared by the Cutter Laboratories of Berkeley, Calif. All unused supplies issued by that company have been withdrawn.

A "very exhaustive investigation" is now under way to determine whether the Cutter vaccine was in any way at fault, or whether all of the affected youngsters had contracted the disease before receiving the shots. Most sickened less than a week after the shots, although polio normally takes 10 to 14 days to develop after exposure.

The investigation involves laboratory tests among other things, and there was no indication how soon conclusive results might be available.

In Georgia a 6-year-old boy developed bulbar polio four days after he received a shot of vaccine prepared by Eli Lilly & Co. of Indianapolis.

Dr. J. W. Murphy of the Georgia State Health Department said the time element in the boy's case "suggests that he was in the incubation period of the disease" at the time he was given the shot.

The public health service here said that on the basis of the one Georgia case there was "no reason at this time to withdraw any lots (of vaccine) made by Eli Lilly."

Three Men Are Killed In Car-Truck Wreck

LEBO, Kan. (AP)—Three men were killed in a car-truck collision here last night on Highway 50-South.

The highway patrol identified the victims as William Martin Christian, 24, Lane, Kan.; Melvin Osborn, 24, Ashland, Kan.; and Jack Stenger, age unknown of Wichita.

Jerry Brown, Wichita, received minor injuries.

The highway patrol said all four were in a car traveling west when the collision occurred with a semi-trailer truck traveling east.

Planners Term City Zoning Disorganized

Active Schedule Is Arranged--

'Making Music Enriches Life' Is the Theme of Music Week

"Making Music Enriches Life" week of activity is planned to bring musical programs into the activities of civic and fraternal organizations, in Sedalia.

This year, according to an announcement from the National and Inter-American Music Week committee an extra day has been added so that the observance of Mother's Day may be combined with Music Week.

More than 3,000 communities throughout the country are expected to take part in local events marking the occasion. Special attention this year will be given to American music.

Speaking of the aims and achievements for Music Week, Mrs. Jolly recently said:

"America's love for music goes back to pioneer days. Always Americans have gathered groups to sing or twang the banjo. Under modern conditions sometimes a little push is needed to get community-wide support and participation. This impetus Music Week successfully gives. Musicians and lovers of music through their own groups or in a great climactic co-operative program stress the delight that music brings. As a result of the gala celebration year-round activity expands."

According to Mrs. Jolly a full week of activity is planned to bring musical programs into the activities of civic and fraternal organizations, in Sedalia.

Second Polio Shots Will Be Given May 12 At No Cost to Public

The second mass inoculation against polio will be given Pettis County's first and second graders on May 12 at Horace Mann School. A time schedule will be printed later.

This second shot, like the first, will be free of charge. In an article in yesterday's Democrat-Capital, the impression was given erroneously that the parents would have to pay for the second shot. It is the third, or booster, shot to be given seven months from now for which parents will have to pay. They will secure those third shots through their family doctors.

The highway patrol said all four were in a car traveling west when the collision occurred with a semi-trailer truck traveling east.

K. C. Firm Points Out Things Wrong

Tell Citizens Group Less Zone Districts Are More Efficient

Sedalia's zoning practices were termed as "rather scattered and not very well organized" by S. Herbert Hare, of Hare and Hare, city planners and landscape architectural firm, Kansas City, at a meeting of the Citizens Advisory Planning Committee Thursday night in the council chambers of city hall.

Hare, in a report to the planning group, made a number of suggestions that would, in the opinion of his firm, solve many of the zoning problems that are now existing in Sedalia.

Using a multi-colored map, Hare demonstrated how areas of the city could be effectively zoned to provide adequate space of seven types of residences, business and industries.

He said that his proposed plans eliminated two types of zoning district that are now included in the present city zoning ordinance. He claimed that a seven-district plan was adequate and comprehensive.

If the Hare plan is adopted the city would be subdivided into seven distinct districts. In district 1, termed R-1 in the Hare report, would be one-family dwellings, churches, public schools and golf courses, with customary accessory uses, such as private garages. In the second district, R-2, any use listed under R-1 and two-family dwellings, District 3, R-3, would include apartment houses, boarding and lodging houses, clubs, hotels, hospitals and similar buildings. The first commercial category, C-1, any use of the aforementioned districts, plus filling stations, offices, shops and so on. In commercial district C-2, there would be assembly halls, amusement places, auto and trailer sales rooms, public garages, theaters, other retail business and any use permitted in district C-2.

In the planned business district, C-P, any use permitted in district C-2 except those in R-1, R-2, and R-3.

The light industrial district, M-1, would contain bakeries, canning factories, flour mills, freight terminals, and so on, and any use permitted in C-2. The heavy industry district would allow any use permitted in district M-1 except dwellings; auto wrecking yards, concrete or asphalt plants, manufacturing, and so on.

In addition to the various uses of the nine districts, the Hare report considers height of buildings by number of stories and in feet and directs percentage of required yard areas and lot area per family, as well as lot minimum width and amount of floor area per family.

Hare said that every effort had been made to follow present zoning that is successfully in effect. Isolated business houses, as the residential grocery store, would be considered as non-conforming uses by the proposed ordinance. Hare explained that the use of land existing lawfully at the time of the passage of the proposed ordinance would be allowed to continue, but would not be allowed for structural alterations except as required by law. In the event the business was relocated or destroyed further planning for the land would come under the regulations of the new ordinance.

The over-all picture of the proposed Hare and Hare zoning plans tends to provide a gradual build-up to industrial areas with different types of homes. For example, a section designated as heavy industry would be adjacent to a light industry section or an area of business or multiple-type dwellings and these in turn would be adjacent to residential areas of two- and one-family dwellings.

Hare said he was certain that the proposed zoning ordinance would provide for the development of Sedalia industrial area and (Please turn to page 2, Column 3)

The night marshal at Windsor had observed a 1949 Buick sedan in his area about the date the Lincoln robbery occurred and took down the license number. However, no burglaries occurred in Windsor and no further check was made until the Lincoln robbery was reported and law enforcing officers in the territory were asked about seeing strange cars in the vicinities of their area.

Sheriff made numerous contacts between the Kansas City police and Patrol and when the Polo robbery reports were made, further checking developed, with merchandise taken at Lincoln starting to show up.

The man and woman were picked up and questioned and later released, only to be picked up again and questioned. Both, according to the authorities, deny any connection with the Lincoln robbery.

Catchall Bill Wins First Round Assent

JEFFERSON CITY (AP)—The last big appropriation bill of the Missouri legislative session won first round approval before the House quit work for the week yesterday.

As introduced the catchall bill carried less than \$1 million but the house tacked on amendments making it approximately twice that much.

Included were allotments of \$100,000 each for additions and repairs at the state hospitals at Fulton, St. Joseph, Nevada, Farmington and St. Louis and the schools for feeble minded at Marshall, Carrollton and St. Louis.

The House also added \$25,225 for street resurfacing at the St. Joseph hospital, \$135,000 to repair a building to be used as an armory at St. Joseph, \$135,000 for a drill hall at the Pierce City armory, \$50,000 for an addition to the Hannibal armory and \$3,200 for paving near the Sikeston armory.

Bypassed in the adjournment drive, and apparently dead for the session, were bills to give the Highway Commission power to build toll roads and to double the pay of legislators to \$250 a month.

Senate leaders had planned to advance a cigarette tax bill to position for passage but it had to be laid over when Sen. William E. Hilsman (D) of St. Louis said he wanted time to prepare amendments.

Before quitting for the week, however, the Senate gave preliminary approval, 13-12, to a bill to legalize at-the-track horse race betting. Sen. Edgar J. Keating (D) of Kansas City, the sponsor, estimated it would give the state \$12 to \$13 million more revenue a year.

Only about two more weeks remain to work on bills. Leaders of both houses plan to recess about mid-May to allow time for the final clerical chores before the automatic adjournment May 31.

New Telephone Changes Told To Kiwanians

New innovations in the long distance telephone field were explained by Kiwanian Fred Marschall, local manager of the Southwestern Bell Telephone Co. office, before the Sedalia Kiwanis club meeting in Bothwell Hotel Thursday night.

He reviewed the development of long distance service from the time of the first call between Salem, Mass., and Boston, until the recent inauguration of the fast long distance dialing service.

The speaker was presented by Dick Van Dyne, program chairman.

President Jack Crawford introduced Lt. Gov. Harry L. Miller, Jefferson City, of Kiwanis District IV, who gave a short talk on Kiwanis objectives in community service, as a part of his official visit to the local club.

Invocation was by R. C. Hemphill and Abe Rosenthal led the singing.

Jack Shoemaker, vice-president, reported that Saturday, May 14, had been set as date of the Kiwanis Pancake Day in the Methodist church dining room, Fourth and Osage. Each member has been supplied with tickets to sell, and each will be given a work assignment from the period of the pancake day operation — 6 a.m. to 2 p.m.

Three new members were introduced into the club by the Rev. Arthur Schmidt: Joe Allen, Radio and Supply; Dan Wolf, controller; W. J. Menefee Construction Co., and Ralph Koch, manager of Kroger's.

W. F. Keyser was given special recognition by President Crawford. Mr. Keyser was first president of the club in 1922.

Guests were: Abe Silverman with I. H. Reed, David Horan, St. Louis, with Jack Crawford; George Miller with his father, Pinkney Miller; and a Kiwanian Morris J. Lent, Boonville.

Will Submit Military Plan For West Sector
BONN, Germany (AP)—Chancellor Konrad Adenauer's government will submit military legislation for the new German defense force to the Cabinet immediately after the Paris rearmament treaties are in effect next month.

Heinrich von Brentano, parliamentary leader of Adenauer's Christian Democratic party, told a news conference today Parliament will hold the first readings of the bills before the summer recess starts July 15.

He predicted action on most of the military bills will be completed by early fall. Von Brentano is expected to become foreign minister after West Germany wins sovereignty.

A mass of legislation is required to implement the Paris treaties calling for the formation of a 500,000-man West German defense force in NATO.

Answering a Soviet bid for West German leaders to visit Moscow to discuss ending the partition of Germany is "not unthinkable."

Romulo Says Conference Lent Unity

MANILA (AP)—Gen. Carlos P. Romulo said tonight "the Asian and African peoples were welded together into an active political force" at their conference at Bandung, Indonesia.

In a speech to the Philippine Commonwealth Assn., the chief Philippine delegate to the meeting said: "No longer will unilateral decisions by countries outside Asia and Africa affecting our interests as Asians and Africans be recognized unless arrived at in consultation with us and with our previous knowledge and consent."

"We served notice on the world that Asia and Africa are united, alive, and advancing. Nothing can stop us now."

Romulo said of the conference: "From the opening speeches throughout all the deliberations, the leaders of the democratic forces had the ball and kept it. Nobody fumbled, nobody made a mistake of judgment or timing, from the beginning they had things so well under control that they even directed the conference procedure."

The former president of the United Nations General Assembly said there were several "eye openers" the Bandung meeting.

"The most effective eye opener," he said, was experienced by Chou En-lai — and "the most illuminating of all." Chou evidently had come to the conference expecting a certain pattern, Romulo said, but found it to be the opposite of what he expected.

"This occurred when every chief delegate with the exception of seven or eight, in their opening speeches, either began or closed with an invocation of the Deity."

"And the Prime Minister of the largest Communist government regime in the world, Chou En-lai, when he rose to speak, was forced literally to plead for tolerance — for atheism."

would definitely restrict less desirable buildings from the three types of residential areas.

Details of the proposed zoning plans are covered in an ordinance prepared by Hare and Hare. As a matter of identification the ordinance reads in part:

"An ordinance to regulate and restrict the use of land and the location of buildings designed for specified uses; to regulate the location of trades and industries; to regulate and limit the height of buildings hereafter erected or altered; to regulate and determine the size and area of yards, courts and other open spaces; to regulate and limit the density of population; to divide the city into districts and establish, by reference to a map, the boundaries of said districts for said purposes; to provide for off-street parking and loading; to provide for its interpretation and that of other ordinances or laws or covenants, etc., relating to similar or same subjects; to provide for amendments to this ordinance; to provide for its enforcement and prescribing penalties for the violation of its provisions; to provide for a board of adjustment and defining its powers and duties; to provide for permits and certificates of occupancy; to provide that if any clause, sentence, section, paragraph or part of this ordinance shall be held invalid, such invalidity shall not invalidate the remainder; to provide for the repeal of all other ordinances or parts of such ordinances in conflict with this ordinance."

Following the Hare report, members of the City Planning Advisory committee adjourned to the office of the city building and electrical inspector to discuss the zoning proposal.

Further meetings are expected in the immediate future by the planning group and when considerations have been completed public hearings will be held. After the hearings, it will be up to the city council to take final action.

Final action may come on the Hare report after the public hearings have been held.

Attending the meeting were the members of the city council, the zoning adjustment board and the following members of the Citizens Advisory Planning committee: S. J. Timbortius, chairman; William Hurlbut, vice chairman; Earl Crawford, secretary; Virgil Herrick, Mrs. David Alexander, and Norbert Borsch.

Carl Schrader, chairman of the zoning adjustment board, and other members of that group were present. Zoning board members are: Jake Kraus, Louis Stratolier, W. A. Spraggins and Frank O'Brien.

State Fights Blood Claim By Sheppard
CLEVELAND (AP)—A spot of blood found in the bedroom of murdered Marilyn Sheppard "undoubtedly" came from the victim, the state contended today in disputing defense claims the blood came from the bitten finger of a prowler.

Coroner Samuel R. Gerber attacked findings of Dr. Paul L. Kirk, professor of criminalistics at the University of California, as "shockingly negligent and slipshod" in examining bloodstains in the murder bedroom.

Mr. Gerber said he found evidence the murder was committed by a left-handed man who was intent on a sexual assault.

The crime expert said the murdered woman bit her attacker and blood from his wounded hand showed up as a one-inch spot on a closet door in her bedroom. He said the spot and a sample of Marilyn Sheppard's blood both proved to be type O. But their varied reactions to agglutination tests indicated they came from different persons. The osteopath's blood was type A, he said.

Coroner Gerber said Kirk failed to take account of contaminating elements in the blood sample scraped from the wardrobe door. The door was sprayed with luminol by police using ultraviolet light in their investigation, Gerber said, and that might account for the variation in chemical reaction.

Sedalia Man Dies In Blaze At His Home
Cole Newton Stout, 67, was burned to death about 2:10 p.m. Thursday at his home, 705 West Benton. He was found by firemen who broke in a front door to get into the house while firemen were fighting the blaze from the rear of the two-room dwelling.

He was found lying near the back door partially wrapped in a quilt.

It was believed the fire started from a coal oil stove which either exploded or overflowed. The small kitchen was a mass of flames when fire companies arrived.

Stout was believed to have either picked the quilt up and was trying to use it as a shield to get through the flaming room, or to fight the flames by trying to smother them with the quilt.

Dr. J. M. Rodeman, acting coroner viewed the body. He said an inquest was not necessary. The man apparently became overcome from the smoke and heat and collapsed. His head was badly burned from the flames.

When firemen arrived at the scene the front door was closed, tightly fastened and it was necessary to break the door open, before entrance could be gained from the front.

The damage to the house and contents were estimated at \$200. Funeral services will be held at the Ewing Funeral Home at 2:00 p.m. Saturday.

The Rev. Henry Hanson will officiate.

Burial will be in the Tipton Cemetery.

Mr. Stout was born at Latham, Missouri, August 19, 1887, son of the late E. J. and Josephine Davis Stout. His early life was spent in the Tipton and Latham communities.

He lived at Joplin and Webb City for a number of years, where he was employed in the mines. Of recent years he has resided in Sedalia.

His wife, Mrs. Rose Stout, died in 1917 at Webb City, Mo.

One brother, Luther Stout, died a number of years ago.

He is survived by one sister, Mrs. Bertha Minor, 1621 East 6th Street; one brother, Aubrey Stout, 307 East Saline; two nephews, Eugene E. Stout, Roswell, N. W. Mexico, Raymond Stout, Sedalia; three nieces, Mrs. Alma McCurdy and Mrs. Maurine Busco of Sedalia and Mrs. Bessie Lutz, Marshall, Mo.

The body is at the Ewing Funeral Home.

Lions Discover City Has Grown; Sale Extended
Sedalia Lions Club members have found Sedalia much larger, more homes, and trotting from house to house selling brooms for the blind and light bulbs for crippled children, a real chore. The campaign will be carried on several days longer before the entire residential area has been covered.

The working teams have reported good sales on brooms and other household accessories, but the sale on the light bulbs has not "caught on" as well in Sedalia as in other cities. The latter project is extremely important, A. B. Warren, general chairman, announced.

Monies earned through the broom and accessories sales are used for the blind activities and other charities of the club, while the money which was anticipated is to be used for the crippled children, cerebral palsy, and other activities of the Lions.

A bag of bulbs with the slogan attached "Let Your Light Shine—Help Some Crippled Child," consists of four 100-watt lamps; four 60-watt lamps; and two 40-watt lamps.

A large trailer filled with brooms of all sorts, ironing pads, mops, clothes brushes or delinters, and light bulbs with Lions on duty from 7 a.m. until 9 p.m. is waiting on the downtown trade who may have been missed in the canvass up to now.

Persons desiring brooms, light bulbs and other items from the Lions can place their order and their merchandise will be delivered. The use of the Main Street Drug Store phone has been turned over to the Lions. The number is 476.

Students' Dean Bars Strip-Tease Artist From Campus Dance

LOS ANGELES, (AP)—The dean of students at the University of Southern California has stepped in to stop a strip-tease artist from dancing for a student show.

The burlesque performer, who calls herself Patti Waggin, was scheduled to go through a rehearsal on the campus yesterday but students met her at a school entrance and told her of the dean's edict against her.

Dean Bernard L. Hyink issued this pronouncement: "This type of program is not in keeping with the dignity of an educational institution."

Miss Waggin, a brunette, was scheduled to do a number called the "SC Election Dance" today for a closed-circuit television program of the school's station KUSC-TV. There is a student election coming up and the TV show was arranged for the appearance of student candidates — and Miss Waggin.

Sunday School Lesson Notes

By WILLIAM E. GILROY, D.D.
The oft-quoted statement, "Righteousness exalteth a nation," is from the Book of Proverbs, Chapter 14:34.

The source of familiar quotations is often forgotten, but the source of this proverb is significant; for if the history of any nation or people ever justified it, it would be the history of the Jewish people; the nation of ancient Israel out of which the proverb came.

Two great lessons stand out from the history of Israel as recorded in the Books of Samuel, Kings, and Chronicles (the historical books, reinforced with the prophetic books of the time).

The first is that the greatness of a nation depends upon moral and spiritual conditions and foundations. Oppression on the part of rulers, personal unrighteousness and social wrongs, exploitation of the weak by the strong, and the agrandizement by the few to the disregard of the common welfare; these things, despite all semblance of prosperity, inevitably lead to disaster.

"The mills of God grind slowly but they grind exceeding small."

The second outstanding lesson is of what happens when internal dissension and civil war are allowed to develop. This lesson is closely associated with the other, for civil dissension in Israel, and the breakup of the Twelve Tribes into two nations, came directly as the result of oppression and wrong.

There is also the subsidiary lesson that no amount of external glory and seeming prosperity can suffice if wrong and oppression go unrebuked and uncorrected. The voices of the prophets rebuked, but neither rulers nor people listened. The story of Israel is one of repeated disaster.

The fate of the persecuted prophets should remind us that the most righteous have the reward of their integrity, but not freedom from suffering and trouble.

But there are phases of the story of Israel that stand out in full glory.

A nation can be inglorious in outward prosperity, and glorious in seeming disaster. It was in suffering that Israel attained its true greatness, and gave its greatest message and heritage to the world.

Out of the Exile in Babylon came the greatest of the Hebrew prophecies and Psalms, the emergence of a world religion, and the vision of peace among nations, a vision that is still an unrealized dream, but a glorious dream, and an undying hope.

Read such chapters as Isaiah 60 and Isaiah 62 and you get something of the glory of that vision. From Babylon came the glorious return of Jewish people to their homeland, described in the Books of Ezra and Nehemiah. But not all returned; in Babylon itself arose a Jewish literature and a civilization that lasted until the eleventh century of our era.

But why do peoples and nations have to learn in suffering and adversity the lessons that, learned in times of agrandizement and prosperity, might have forestalled downfall and disaster. Modern peoples and nations have much to learn from the Old Testament. And all our study and reading in the history of Israel ought to be pursued as a document for today.

Special Music Set This Sunday At First Baptist

The Rev. T. W. Croxton will speak on "When Is a Home Christian?" at the First Baptist Church Sunday morning, and in the evening "Growing In Appreciation of Church." Special music for the morning service will be an anthem entitled "As Torrents In Summer" sung by the choir. There will be special music for the evening service, also.

A part of the evening worship will be devoted to a baptismal service when some 20 people will be baptized.

Preceding the evening worship, at 6:45 there will be a study for all new church members on "The Meaning of Church Membership."

This week is being observed in the First Baptist Church and other Baptist churches in the Southern Baptist Convention as Christian Home Week. Appropriate messages and exercises will be carried on through the week in various meetings, concluding with the services on May 8, Mother's Day.

On Wednesday evening, May 4, at 7:15 there will be a meeting of the general superintendents and the department superintendents. This will be followed by the monthly business meeting of the church at 7:45.

Dr. Hobbs to Speak On 'Stewardship'

Dr. Elmer L. Hobbs, pastor of the First Methodist Church, will use as his theme for the worship service next Sunday morning, "The Stewardship of Possessions."

The Chancel Choir will sing "Lift Up Your Heads" with Mrs. C. F. Maggard taking the solo part.

Next week is National Family Week. First Church will observe it Wednesday, May 11 with Family Night service sponsored by the Commission on Education. It will consist of a fellowship dinner as usual, followed by a film entitled "The Family Next Door."

This is a 30-minute film of special interest to the family. Following the film, parents and guests will be invited to visit the Church School class rooms where they will have an opportunity to meet the teachers and see something of the work being done in the Church School.

Home Hirers Near Deadline On US Taxes

WASHINGTON (AP)—Tomorrow is the first deadline for something like a million of Uncle Sam's new tax collectors — the householders who pay a domestic helper an average of \$4 a week or more.

The new social security law that went into effect Jan. 1 qualified domestic help for social security if they make \$50 a quarter, or more, from any one employer. That figures out to about \$4 a week.

The householder is required to make the social security payments, and the first one is due no later than tomorrow.

Payments are due for any help around the house who earned as much as \$50 during January, February and March, including a baby sitter, maid, handyman, laundress, cook, housekeeper, gardener, janitor, furnaceman, governess, valet, butler, chauffeur or other help.

The law puts the entire responsibility for making the social security tax payment for a domestic on the householder employer. It makes no difference if the domestic does not want to join up in social security. Nor does age make any difference — the teen-age baby sitter is qualified.

Here is what the law requires the householder to do:

1. Deduct 2 per cent of the employee's cash wages.
2. Add another 2 per cent from your own pocket. (If you prefer, you may pay the entire 4 per cent, deducting none from your employee's wages.)
3. Get from your local internal revenue or social security office a form — which is an envelope — called "Employer's Quarterly Tax Return for Household Employees." You fill this in and mail it with the 4 per cent tax to your district director of internal revenue. He then puts you on a mailing list, and sends you a form near the end of each quarter.
4. At the end of the calendar year, give your employee an accounting, in writing, of social security payments for him during the year.

The payments are due no later than the last day of the month following the end of each quarter, that is, the last day of April, July, October and January.

The employee is not required to do anything, except to allow the 2 per cent deduction from his wages.

The revenue service says delinquent employers are subject to a penalty of 5 per cent a month of the tax due, up to 25 per cent, plus interest at 6 per cent.

Employers who willfully neglect to file and pay are subject to fines up to \$10,000, or to a prison term up to one year, or both.

The Hill View 4-H club met at the school Monday for the annual Rural Life program. The devotion was given by Robert DeBord. There were piano solos by Dean Rhine and Ruth Anne Wood. The speaker was the Rev. Leroy Elsbury whose topic was Christian citizenship. A contributive supper was served in the school cafeteria.

Atomic Workers Agree On Day-to-Day Basis

DETROIT (AP)—Parke, Davis & Co. and the CIO Oil, Chemical and Atomic Workers have agreed on a union proposal to extend their contract on a day-to-day basis beyond its May 1 expiration date.

The proposal was made last night as management and the union continued bargaining sessions with federal and state mediators on a new contract for some 2,000 Parke Davis employees.

The union said it asked for the extension rather than interrupt the flow of Salk polio vaccine by a walkout. Parke Davis is a major producer of the vaccine.

At issue are wage demands, a guaranteed annual wage and fringe benefits.

Japanese Emperor Observes 54th Birthday

TOKYO (AP)—Emperor Hirohito celebrated his 54th birthday today. It was a national holiday, with schools and business offices closed.

Long lines of Japanese filed through the grounds of the Imperial Palace to write their names in the palace book. The Emperor, dressed in morning coat and striped trousers, appeared several times.

Ralph Henry Davis, 17, Sedalia Air Force Base, charged with riding a motorcycle in a careless manner from Broadway to 13th on Engineer on April 22, failed to appear in police court and his \$25 cash bond was ordered forfeited.

A Mr. White, Kansas City, charged with parking contrary to a legal sign, mailed a \$2 cash bond to the police department which was forfeited in police court.

Granville Dean Short, 18, Marshall Junction, charged with speeding 50 miles per hour on North 65 from Pettis to North Broadway, forfeited a \$15 cash bond.

Kenneth Dean Ussery, 25, Marshall, charged with speeding 50 miles per hour from Pettis to North Broadway on Highway 65, forfeited a \$15 cash bond.

William E. Brzezniak, 2222 West Third, charged with running a stop sign at Broadway and Limit, forfeited a \$5 cash bond.

Fifteen \$1 cash bonds were forfeited by overtime parking defendants who failed to appear in police court. Fifty-six overtime parkers who reported to police headquarters within an hour paid their ten cent fee.

In Other Courts

Attorney Sam W. James has filed a motion for new trial in Cole County Circuit Court at Jefferson City in behalf of Jackie Lee Noble, sentenced to life imprisonment in the Missouri State penitentiary. He was the second inmate convicted of the Sept. 22 riot slaying of fellow convict Walter Lee Donnell.

James said that Circuit Judge Dimmitt Hoffman of Sedalia will set the date for a hearing on the motion within a 90-day period.

The 26-year-old Noble was the second of seven men charged with Donnell's murder to be convicted. A Cole County jury found Rolie

Postponement Sends Workers Back to Homes

LAS VEGAS, Nev. (AP)—More than a fourth of 1,300 civil defense workers who came here for the big atomic blast have returned home, but morale is high among those remaining despite three postponements.

This is the word today from Val Peterson, Federal Civil Defense Administration director.

A weather briefing today will determine if the 40-kiloton shot from a 500-foot tower can be scheduled tomorrow.

"Naturally we are disappointed that all those who came here from every part of the United States could not remain to see the explosion and damage wrought by it," Peterson told a newsman.

"But even those who had to return home learned much from coming here. The briefings and lectures have been invaluable. So have the studies of many civil defense tests and our survey of the houses and buildings to be subjected to the blast."

The test includes the first civil defense maneuvers under simulated attack by nuclear weapons. More than 5,000 persons are participating in the multiphase test, including soldiers, armored troops and Marines.

Justice Dept. Will Confer With Newsmen

WASHINGTON (AP)—The Justice Department will try to negotiate an agreement with publisher and advertising representatives to end what it considers antitrust law violations in fixing advertising agency commissions.

Atty. Gen. Brownell said yesterday his department has invited the American Newspaper Publishers Assn., The American Assn. of Advertising Agencies and other affected groups to discuss the situation.

He said the department is preparing to proceed to halt the practices, but expressed hope the matter can be worked out by mutual agreement leading to a consent decree. He said only associations—not individuals—are involved in the proceedings. It is based on a study started last year.

He said the associations require "that a compulsory 15 per cent commission be maintained for the (advertising) agency placing the advertising with some publication."

Brownell announced the action at a news conference after Elisha Hanson, ANPA general counsel, discussed the situation at the ANPA's national convention in New York.

Hanson said the ANPA lists accredited advertising agencies, which then receive a 15 per cent discount from regular advertising rates. Others are supposed to pay the full rate.

Cranston Williams, ANPA general manager, described the plan as "a credit rating system." He said his group believes the 15 per cent discount should be limited to the listed agencies, but added that most newspapers allow the same discount to other agencies.

Hanson first indicated he understood a formal antitrust suit would be filed and said such action "is not warranted and cannot be justified."

Hanson said he understood the other groups involved included the Publishers Assn. of New York City, the Periodical Publishers Assn., the Associated Business Papers and the Agricultural Publishers Assn.

Consumers Paid Less For Farm Foods This Year Than During '54

WASHINGTON (AP)—Consumers paid 3 per cent less for the farm foods in the "market basket" in the first quarter of this year than in the 1954 January-March quarter, but the farmer received 8 per cent less.

Reporting this today, the Agriculture Department said costs for marketing averaged slightly higher, with the result that the farmer's share of the consumer's dollar dropped to 42 per cent. This compares with 45 per cent in the first quarter last year.

The "market basket" contains the average quantities of farm-produced foods bought for consumption at home by city families.

Faith In Man With A Needle...

Any adult watching hundreds of Sedalia and Pettis County school children marching through the polio vaccine clinic at Horace Mann School, couldn't help but feel a lump rising in his throat.

Boys and girls of the first and second grades participating in this initial mass immunization seemed to express more curiosity over the pink Salk vaccine than nervousness over the needle; and very pronounced anticipation over the carton of ice cream that awaited them after the doctor let go of their arm.

Buses and automobiles brought the youngsters to the school gymnasium where the doctors, registered nurses, Nurses Aides, Gray Ladies, Motor Corps, Red Cross auxiliaries, PTA and school officials had organized work routine so effectively the day's activities were ended ahead of schedule.

Sedalia's trial run on immunization was carried through without any evident hitch which speaks well for the organizational procedures which preceded it.

One commentary on the changed attitude of the public toward modern medical science and immunization techniques was

made by a doctor who recalled the time years ago when there was considerable parental resistance to inoculation for diphtheria. He spent many months trying to persuade Pettis County parents to accept this method of curbing a disease that was a potent destroyer of children. Through his persistence he finally succeeded in performing over 1,600 vaccinations which was a prelude to public acceptance of a method now universally used.

Diphtheria epidemics are a thing of the past, the same with smallpox and many other diseases which medical research has conquered.

Now we see the miracle Salk vaccine being accepted with more alacrity by the public. Mass inoculations throughout the nation are in progress only a short time after the vaccine was announced as effective.

This could not have happened fifty years ago. Today there is more faith in our men of medicine and surgery and science.

Even the little children going through Horace Mann clinic seemed to signify by their nonchalance that they had faith in the man with the needle.

As Sedalia Sees It-- US Drawing Back from Line Beyond Which War to Come

BY JOSEPH A. DEAR
Democrat-Capitol
Washington Correspondent
WASHINGTON — United States is drawing back from that elusive but real point of no return beyond which war is inevitable.

That's the big story here now. "I will confess," said the President at his press conference, "that I have the feeling that things are on the upswing." Incidental detail reinforces this expression of feeling.

Secretary of State Dulles has reasserted claim to his title, and that's a healthy sign. For a brief period this week it appeared he had been displaced by Chiang Kai-shek, boss of Formosa.

In the closing days of the Afro-Asian conference at Bandung, Indonesia, Chou En-lai, the premier of Red China, offered to negotiate with the United States to ease tensions in the Formosa area. The State Department promptly announced that the "United States would insist on Free China (Chiang's China) participating as an equal in any discussion concerning the area."

Chiang immediately ruled out discussions, and thus apparently barred United States from under-

taking to arrange a cease-fire in the Formosa area. All of this got to Bandung before the breakup of the conference. It made Chou look very good.

Dulles undid some of the damage when he returned from his duck blind on Lake Ontario by announcing our willingness to discuss cease-fire arrangements with Red China whether Chiang liked it or not. President Eisenhower upheld this seeming policy reversal.

He said it was proper to talk to the Reds in the absence of representatives of the Formosa government so long as Nationalist interests are not involved. The President advanced the interesting theory that a cease fire does not affect Nationalist interests since they are not engaged in offensive actions.

Our willingness to undertake unilateral talks with Red China is particularly significant in one respect. Such discussions would amount to recognition of the Red government as the government of mainland China.

Secretary Dulles sturdily argues to the contrary. But he is advancing a legalistic fiction. Once United States sits alone at the conference table with Red China, the rest of the world will reach the common-sense conclusion that we accept the existence of Red China.

That is indeed a seeming policy reversal for an Administration which began by "unleashing" Chiang to attack the Communist held mainland. Many distinguished military men have long contended that United States must at all costs prevent the Chinese Reds from consolidating their position. Obviously, this policy has been rejected by the Administration.

Cease fire talks could lead to the release of American airmen now held captive by the Reds. The talks also could lead to a realistic discussion of the status of the offshore islands.

Presumably Nationalist China would enter the picture at this point. But if the Reds indicated a willingness to abandon their aggressive designs on Formosa itself, United States might pressure Chiang into evacuating Quemoy and Matsu. That has been the plan for sometime. But State Department underlings almost botched the chance Chou offered to set the plan in motion.

These maneuverings lessen the likelihood of immediate war in the Orient. But assessing the long term impact of negotiations with Red China is something again. Perhaps compromise now will increase the probability of future war, as the "don't give an inch school" contends.

In his memoirs Marshall Mannerheim, the liberator of Finland, relates the story of his expedition through Central Asia, which he conducted under the auspices of the Imperial Russian government in 1906. At the time Mannerheim was an officer of the Czar.

There was not much difference between the China Mannerheim saw on his expedition and the China of Chiang before World War II. As the Marshall points out, time stood still in China because the country was torn by years of continuous warfare.

The reign of the Manchus was broken in 1912. Warlords dominated huge areas of the country. In the 1920's, the Communists established themselves in several provinces. Before Chiang could consol-

THE STORY: More and more frequently murder accompanies the bank robberies committed by Jesse James and his gang. One of the gang, Cole Younger, is killed by the fact that a bank cashier was shot down.

XVII
JESSE grunted the introduction of Ed Miller as Cole squinted to adjust his eyes to the glow of the lamplight in the barn.

"Any kin to Clell?" asked Cole, eyeing the newcomer unsocially.

"Brother," the man in question answered for himself.

Both the James and Younger families were of better than border average. Both bloodlines were of High South, First Family heritage. While in the matter of formal education neither Cole nor Frank nor Jesse had progressed beyond the Pleasant Grove grammar school, the parents of both clans were well educated, widely read, and of marked religious bent. All three were omnivorous readers and, despite the obvious frontier crudities of their speech, were regarded by most who had occasion to come in social contact with them, happily or unhappily, as "definitely well-bred gentlemen, with polite, scholarly bearings."

By marked contrast, their followers, with the sole exception of the quiet-spoken Jim Cummings, were rough, unlettered men. Of these Clell Miller was typical. A ruffian in the classic sense, he had neither formal nor family leaving in any education other than that of first-degree murder and armed, felonious assault.

"Ed's just out from State's Prison. Clell's sent him to me. Ed's got an idea you'll cotton to. Got it from John Reno, while they was in jail together."

JOHN RENO and his three brothers had run a gang pretty much like Jesse's, only up in north Missouri, Illinois and Indiana. But not with Dingus!

luck. The Pinkertons had caught up with them. And John had spent his last three summers in the Missouri State Prison. Still, any man in Cole's profession had to listen when John Reno's name was called out in the meeting.

"Go on," said Cole, still not liking it.

"Express cars!" blinked Jesse. "Government and big company payroll gold, on through trains!"

"Yeah, I know," grunted Cole caustically. "It's a powerful grand idea. Look at where it's wound John Reno up."

"That ain't the point, you big nunny!" Jesse flashed his twisted grin deliberately. "Reno was just getting the kinks worked out of it when he was took."

He paused, eyeing Cole, and saw he was losing ground.

"Money!" snapped Jesse. "Cole, some of them trains carries up to a \$100,000 in gold! Maybe even in one job—we can get clear of Clay County and stay clear of it!"

"Ding—" It was Cole's turn to put his hand on his friend's shoulder. "You mean that, old hoss? You really mean that if we get that \$100,000 you're through and done and shut of robbing?"

"I mean it, Cole! So help me!" said Jesse eagerly. "And I'll promise you something else! He played his hole card carefully, knowing what it meant to Cole, saying it as if it meant the same thing to him. "There'll be no more killings."

And in the following five minutes the particulars of the first major train robbery in world history were set forth in the Samuel barn.

Important in their plans was the bribing of an express company clerk in Omaha concerning the shipment of gold from the Black Hills.

JESSE picked his spot just east of the bluffs, selecting a sharp curve a mile south of the

C.R.I. & P. waypoint of Adair, Iowa. By 7:15 P.M. there was still too much of the late July daylight lingering on, but he could wait no longer. The spades, saddle-packed all the way from Clay County, were put to work loosening a stretch of half a dozen ties beneath a rail collar on the curve. Meanwhile, Frank and Cole, under Jesse's personal eye, unbolted the joining collar.

The long ropes were quickly passed beneath the loosened rails, repressed beneath the roadbed steel and made fast to the horns of Cole's and Frank's saddles.

The two horsemen swung up and eased their mounts into the slack testing it. Satisfied, they nodded through the growing twilight to Jesse. He nodded back, turned his own mount toward the timber and the rest—less shadows of his waiting men.

The minutes wore on. He counted them away against the audible ticking of the battered silver watch in his breast pocket. Suddenly, he held his breath, cursed softly. The watch had stopped ticking. He pulled it out.

Thirty feet away, down at the tracks, Cole heard the curse and the tiny crash of the watch.

"What's the trouble, Ding?" "I dropped my watch," answered Jesse, the flash of the tannum as he swiftly fled as it had flared.

"Well, don't cry no more," advised Cole tenderly. "Daddy'll get you a new one."

Then it came. Plaintive, sad, long-echoing. The lost-soul cry of a steam locomotive's haunting whistle, keening through the night.

Cole laughed across the darkness. Then he boomed out above the growing hum and clack of the rails, "Pull up your blinders, boys! We might have to shoot somebody we know!"

He and Frank, masks already in place, eased their horses forward again, into the full pull of the ropes.

The Washington Merry-Go-Round-- Quizzes Chou On Release of US Prisoners

By DREW PEARSON

WASHINGTON — Premier U Nu of Burma had some private talks with Chinese Premier Chou En-lai at Bandung about release of the 15 American fliers held in Red China. Nu brought up the subject at the secret request of Secretary Dulles. Chou made no promises, in fact denounced the State Department for refusing to permit American relatives to visit the prisoners as he has invited them to do. This columnist still believes Red China will turn the American fliers loose but not until it sees a good chance to make propaganda.

Inside the White House

Mamie was so embarrassed when a guest showed up at a White House reception wearing exactly the same design dress as hers that she has laid down the law to her dress designer. She got a promise from her designer to make no duplicates of any dresses or hats designed for her. . . . Adm. Robert Carney has been trying to kiss-and-make-up with Eisenhower ever since he was bawled out for talking to newsmen. Carney has tried repeatedly to get to see Ike, but can't get past the White House door.

War Clouds

Secretary of Defense Wilson has secretly increased the ammunition stockpile goal. He's taking no chances on another ammunition shortage in case of war. . . . The Kremlin bosses have built themselves half a dozen secret, underground air-raid shelters several miles outside Moscow. No plans have been made, however, to evacuate the populace. . . . Civil Defense Administrator Val Peterson is looking for a cheap, two-dollar gas mask that every American can afford to keep on hand at all times in his own home. . . . Red China is rushing work on a secret atomic-bomb installation in remote Sinkiang Province. Nearly 100 Russian advisers are directing the project in order to develop cheap power to industrialize China. . . . It was carefully hushed up, but an experimental atomic rocket from the Los Alamos proving grounds misfired and almost caused an incident with Mexico. Though it landed on a Juarez graveyard, it exploded in the air and no damage was done. . . . Tests with mice have shown that it's ten times more likely than previously indicated that A-bomb radiation will produce abnormal children.

Joe's Rescuer

Times have changed regarding Joe McCarthy. It was only a short three years ago that he made the major splash before the American Society of Newspaper Editors. Most editors then clamored for more news about Joe's witch-hunting.

In contrast, Sigma Delta Chi was holding a business meeting to prepare its annual breakfast meeting for visiting April editors. Washington big-shots were to be invited, and the list of VIP's from the Supreme Court down was called off to see which member would put up the \$4 necessary to invite a very important person.

Finally Chairman Jim Warner called the name of Sen. Joe McCarthy. There was a dead silence—followed by laughter. No one wanted to buy bacon and eggs for the once headlined senator from Wisconsin.

Then a voice piped up in the rear of the room in a last minute rescue of Joe: "I'll buy McCarthy." It was Charles Frederick, a hearing examiner of the Federal Communications Commission which has been so ardently following McCarthy policies of late.

Diplomatic Pouch

Reports from China indicate that most of the jailed American fliers have been tortured into signing phony confessions. . . . American air and naval bases in Spain are far behind schedule. U.S. officials have reports that Dictator Franco has secretly encouraged Spanish workers to slow down construction in order to help him win his argument with the State Department over American aid. He thinks Spain should get considerably more grant aid

than it's been given. . . . Egypt's strong man, Premier Nasser, has turned down an invitation to visit the USA. Nasser told the American embassy that until the United States changes its policy toward Israel he won't even consider such a trip. . . . Word has leaked back to congressmen that State Department security chief Scott McLeod has been comparing them with skunks.

French Sour On U. S.

Relations between France and the United States have reached their lowest ebb since V-E Day. . . . The French are bitterly opposing American policies in their once-great colony of Indo-China, were infuriated when Secretary Dulles ordered Ambassador Conant in Germany to end occupation rule without even waiting for France to join in the ceremony. . . . U. S. Ambassador Dillon in Paris has cabled the State Department that something must be done in a hurry to heal this potentially disastrous split in French-American policy. . . . A big reason why France is stubbornly going ahead to manufacture its own atomic and hydrogen bombs, he says, is that the French feel they are being treated like a third-rate power, not an ally.

Washington Pipeline

President Eisenhower has accepted an invitation to attend the annual governors' conference in Chicago August 10. . . . Bridge experts at a recent tournament in Miami, believe it or not, smiled at their partners' boners. The experts had agreed in advance to accept as partners all comers making contributions to the American Cancer Society's 1955 crusade. The event was sponsored by the American Contract Bridge League. . . . The Democratic National Committee keeps a running record of Eisenhower policy changes. It's kept in loose-leaf notebooks and is called "the Ikelopedia." . . . The State Department has fired three security risks in the past year. . . . Portable tape recorders are being considered by the national park service as a means of doing away with tourist guides at parks, historical areas, and museums. The colorful guides who have taken visitors through the parks for years would be fired and visitors would hear points of interest described through tiny earphones resembling hearing aids. Secretary McKay is certainly saving money. . . . The General Services Administration is flabbergasted over the result of its secret inventory of land and buildings owned by agencies of the federal government. It found the value of this property runs into the tens of billions of dollars.

Alaska Statehood?

House champions for statehood for Hawaii and Alaska are planning to use a secret weapon, a filibuster, to force the statehood bill out of the House rules committee. . . . Democratic Congressman Clair Engel of California has dug up a 60-year-old House rule which gives privileged status to statehood bills and also authorizes each of the 435 House members one hour of debate — or a total of 435 hours of unlimited debate. . . . If Engel uses this strategy to force a vote on the Hawaii and Alaska bills, it will be the first time in history that a filibuster — fairly common in the Senate — has ever been employed in the House.

Pentagon Politics

Politics is rife in the Pentagon again. Assistant Secretary of the Navy James Smith has been leading a task force of naval officers around Capital Hill, waylaying congressmen who are against the supercarrier. . . . Gen. Curt Le May, strategic air commander, made a crack behind closed doors that could start the Navy-Air Force feud all over. Le May was asked at a secret House appropriations meeting how helpful aircraft carriers would be in an air war. He replied bluntly that carriers would contribute only a "puny" amount. . . . Undersecretary of Defense Robert Anderson has been complaining quite openly that the Pentagon brass are "arrogant." (In many cases he's right.) Now some of them are going out of their way to be arrogant — toward him.

CHURCHILL: A Man and an Era

By Ward Cannel and Ralph Lane

In Oct. 1951, Churchill was elected to head the British government. He was 76 and close observers were sure that he wanted victory, not office.

But he had many things to do. Early in 1953 he met with President-elect Dwight Eisenhower in New York to reestablish his international footing. He was already pressing for a U. S.-Britain meeting with Malenkov of Russia.

... ORDER OF THE GARTER... Then back to England to claim the crown's reward and assist in the coronation of Queen Elizabeth II. It marked the fifth reign through which he had been a world-renowned figure.

But it was his own tired body that stood in the way of a big Three meeting. Perhaps, as he said, sitting before fires was not for him. But in 1953 it appeared that history was taking its own path and he was too infirm to follow. Under the advice of his physicians, he took a rest.

Will Base New TV Venture On the News

By WAYNE OLIVER

NEW YORK (AP)—One of TV's biggest problems has been its insatiable demand for fresh, new material. What's the answer?

The extraordinary things that happen to ordinary people as reported in daily newspapers and by news services, says producer Ed Byron.

Byron is relying on newspapers and news agencies for his latest venture, Mr. Citizen on ABC television Wednesday nights. They were the chief source of material for his Mr. District Attorney show on radio, and later on TV. Byron says that in telling about unusual occurrences in the lives of ordinary people, the problem is not in making them seem dramatic. It's in trying to convince viewers that they are fact and not fiction.

"Our problem is to keep from saying, 'This couldn't happen in real life,'" says Byron, a former reporter himself.

He is particularly excited at the moment over the third in his series of programs, scheduled for next Wednesday, on the plight of epileptics.

"We're going to break the story of the American epileptic," he says. "He's a second-class citizen."

"The epileptic is discriminated against. He's only allowed to drive a car in one state (Wisconsin). In six states he can be sterilized. In a number of states he isn't allowed workmen's compensation. In 26 states he can't get a marriage license."

"It has been shown that 90 per cent of cases of epilepsy can be controlled by medication."

Party Leaders Attempt New Voting Alliances In Italian Election

ROME (AP)—Party leaders tried to patch together new voting alliances in preparation for a fourth round of parliamentary voting today for a new president of Italy.

In three ballots yesterday the senators and deputies failed to produce the needed majority for any candidate. Christian Democrat strategists held secret pressession meetings at Premier Mario Scelba's office a serious loss of prestige because of the trend yesterday away from his party's official candidate.

On the third ballot last night Giovanni Gronchi, left-wing Christian Democrat and president of the Chamber of Deputies, took the lead despite the party's endorsement of Cesare Merzagora, political independent and Senate president.

Gronchi polled 281 votes against 245 for Merzagora, whom he had trailed 127-225 on the second ballot. But this fell far short of the two thirds needed of all 843 electors—590 deputies, 243 senators and 10 delegates from such semi-autonomous regions as Sicily.

The fourth ballot required only an absolute majority—422 of the 843 electors.

Credits Aid From US In Red Resistance

DALLAS, Tex. (AP)—The Thailand Prime Minister told a press conference here that his country's "full economy and aid from the United States" enabled it to resist the threat of communism.

Field Marshal P. Pibulsonggram said, "I can safely say there is no internal disturbance in my country today."

"Communism is very near, however," he added. "The Reds are more of a threat now than ever before since Viet Nam is divided."

He said solution of the Formosan crisis would greatly ease tension in Southeast Asia.

Plenty of Hamburger

WASHINGTON (AP)—Rep. Hebert (D-La.) says a House committee intends to investigate a report by the Hoover Commission that the Navy has stockpiled a 60-year supply of hamburger. The Navy says the stockpile is not nearly that large.

Although a U.S. town has not been named for Eisenhower, there is at least one town named for each of the other U.S. Presidents.

Talent Show Is Presented; Includes Comedy and Music

At a talent show April 26, "Rumors Wanted," a comedy in one act, was given by the following high school students: Grover Spratt, a suppressed husband, Harold Vannoy; Mary Lou Spratt, his niece, Joanne Greer; Dr. Peter Deems, Mary Lou's fiancé, Dean Raines; Aggie Spratt, a neurotic, Martha Hammond; Grandma Seagrave, a pessimist, Carolyn Conaway; Mrs. Merryweather, an optimist, Annette Conaway; Mrs. Huggins, a neighbor, Patty Abney. The play was directed by Miss Goldie Kissinger, English teacher.

Other performances were: piano solo, "Gypsy Fires," Billy Claycomb; reading, "The Widow's Mite," Sammy Scott; vocal solo, "Open Up Your Heart and Let the Sunshine In," Barbara Raines; piano solo, "Pet Shop," Rebecca Williams; duet, "Buzzy Bumble Bee," Robert Wiley and Mike Hoos; piano solo, "Whispering Hope," Dean Rhine; song and story presentation, "The Ginger Bread Man," the first grade; piano solo, "Dancing Daisy Field," Linda Williams; baton solo, Deloris Lewis.

Quartet, "I've Been Workin' on the Railroad," Sue Lewis, Jimmy Houchen, Carolyn Martin, Ronald Phillips; baton solo, Wanda Williams; piano solo, "The Yellow Butterfly," Nancy Major; Liberate pantomime act, Kay McClure and Clara Phillips; vocal solo, "Mocking Bird Hill," Sherry Nagel; baton solo, Doris Wallace; baritone solos, "If I Gave My Heart to You" and "Washington and Lee Swing," duet, "Mansion Over the Hill Top," Joy Phillips and Clara Phillips.

Piano solo, "Glow Worm," Jacquelyne Williams; comedy act, "David Crockett," Cathy DeBord, Katherine Schanz and Arlene Tegmeyer; vocal solos, "More and More" and "Release Me," Robert Southard, accompanied by Alfred Mettenburg on the guitar; duet, "This Old House," Ethel Jeffries and Judy Ramey; dance routine, Judy Moon and Joyce Weathers; vocal solo, "I Believe," Larry Smith; piano duet, "Climbing," Linda and Larry Claycomb; and trio, "Just a Closer Walk with Thee," Clara Phillips, Larry Smith and Alfred Mettenburg, accompanied by Alfred on the guitar.

The fifth and sixth grades, under the direction of their teacher, Mr. Frank Diefendorf, presented a play, "A Ghostly Picnic," to the PTA on Wednesday night. The characters were as follows: Bob, Jimmie Martin; Sally, Betty Powell; Bettie, Janice Clark; Joe, Charles Lewis; Grace, Carol Brandhorst; Mary, Jacqueline Williams; Jean, Edna Gilmore; Alice, Velinda Smith; the ghost, Harold Williams; the sheriff, Danny Smith.

The Rev. Gerald Ogden showed the film, "The Kid Buck," to the grade and high school pupils Monday, April 18. The story was about a juvenile delinquent and how he

was sent to a Christian youth camp and came to accept the Christian way of life.

Mrs. Doris Toldan was honored Monday afternoon with a surprise birthday party given by her third grade pupils. With much ingenuity and very little help from adults, the children planned the function days ahead. Nickles were deposited in a piggy bank to help with refreshments. A gift was purchased and all arrangements made. The hardest part was to keep the plans secret from Mrs. Toldan. Finally the girls who were on the cake committee helped their mothers bake the cakes. One was a white angel food with pink frosting and one a heart-shaped chocolate one and there were pink frosted cup cakes, too. When the time drew near, the children had another teacher take Mrs. Toldan to the school cafeteria. Then all the children rushed out there, too, and sang "Happy Birthday." The cake was served with the piggy bank soda pop, the gift was presented and, according to Mrs. Toldan, it was the nicest party and the biggest surprise she ever had.

Ex-Agriculture Chief Sees Demo Win '56

DALLAS, Tex. (AP)—Charles Brannan, agriculture secretary under former President Harry S. Truman, says the Democrats will win the White House in 1956. "Eisenhower is as invincible in 1956 as Dewey was in 1948," he told reporters yesterday.

Brannan also said farmers had lost 13 per cent of their income during the Republican administration and would lose another 5 per cent by the end of the year.

Indicted Teacher Says He Has Withdrawn As College Lecturer

NEW YORK (AP)—Corliss Lamont, under indictment for alleged contempt of the U.S. Senate, said yesterday he has withdrawn as lecturer in philosophy at Columbia University until his case is clarified.

After a report yesterday in the New York Post that he had been dropped from the university faculty, Lamont issued a statement saying:

"I have voluntarily withdrawn my course at Columbia . . . until my contempt case is clarified. There is no suspension or dismissal involved."

Columbia said in a statement that Lamont's action was "without prior suggestion by any officer of the university."

Lamont, 52, who has espoused left-wing causes but denies being a Communist, was indicted by a federal grand jury here last October for refusing to answer questions about a book he wrote before a Senate subcommittee headed by Sen. McCarthy (R-Wis.).

After pleading innocent to the contempt charge, Lamont has been free in \$2,000 bail.

Follows Her Lecture With Painful Example

OKLAHOMA CITY (AP)—Jean Priebe, instructor of surgical nursing at University Hospital, started her orthopedic nursing class with lectures on the theory of caring for patients with broken bones. It didn't take her long to give her students practice on a real patient. Miss Priebe broke her leg in a student-faculty softball game.

Blonde Swede Laments US Sex Attitude

By BOB THOMAS

HOLLYWOOD (AP)—Anita Ekberg, a blonde Venus from Sweden, today lamented that Hollywood covers up a girl's best assets.

What's more, she claims this is due to this country's distorted view of sex appeal.

Miss Ekberg, who was Miss Sweden of 1952, is filmland's latest sexboat. Her cheesecake is being broadcast in a volume that recalls the early days of Marilyn Monroe. Unlike Miss Monroe, she is a talkative type and excites easily. Her latest passion is what she considers an unfair cover-up.

"It's ridiculous!" she exclaimed. "When a girl comes to Hollywood, the first thing she is asked is her measurements. If she happens to have a good figure, the men whistle and carry on. The wardrobe women marvel about how great it is to have such a fine figure to dress."

"So what happens? If a girl has a beautiful bust with a nice curve to it, she shouldn't be covered up. She should be allowed to show her beauty. I don't mean that we should go around with nothing on above the waist. But she shouldn't be completely hidden either."

The 24-year-old actress, who said her own measurement is 39 inches, said this overzealous censorship is due to the American attitude toward sex. She declared that Swedes have a different viewpoint.

"The whistle at a pretty girl is an international language," she said. "But in this country men whistle at girls with more of an evil intent."

"It is different in Sweden. The body is considered a thing of beauty. Its beauty is to be enjoyed, not considered in an evil light."

"That's why nudity is featured in some of the movies made in Sweden. Boys and girls appear nude on the beaches up to the age of 8 or 10. I think it's ridiculous to see 2-year-old girls at the beaches here wearing pants and little strips of cloth across their chests."

Princess Margaret Has Special Presentation Of All-Negro Musical

LONDON (AP)—The cast of the all-Negro musical "Jazz Train," financed by 65 U. S. Air Force officers, gave a show-after-the-show last night for Princess Margaret.

At the regular performance, the princess noticed omission of one scene mentioned by critics after the show's first night.

Director Mervyn Jones explained that the scene—excerpts from "Carmen Jones," "Blackbirds" and "Porgy and Bess"—had been cut because "Jazz Train" was running too long.

"But if you would like to stay, we'll put it on for you," he offered.

Margaret stayed—along with her escort Mark Bonham-Carter, the Hon. Dominic Elliot and Lady Elizabeth Cavendish. All four applauded vigorously.

Fill individual sponge-cake shells from the bakery with drained canned apricots; top with a fluff of whipped cream and garnish each dessert with a whole sweet strawberry. Nice for company, and quick, too!

Cats Are Permitted To Retain Freedom In Maryland County

BALTIMORE (AP)—Every dog has his day, but the cats in Prince Georges County will still have their night—thanks to a bill vetoed by Gov. Theodore R. McKeldin today.

The bill would have provided for the "control, regulation and restraint of cats running at large" in the county.

Tracing the cat's relationship to the lion, tiger, puma and "others of the genus fells which still enjoy the largesse of unlimited liberty in their native habitats," McKeldin said:

"Thus, the cat is, by nature, a roamer and a prowler, and, like his distant cousins, prefers the gentle cover of the night, both for reason or romance and pursuit of prey."

Since 1901 the expectation of life at age 40 has been increased about four years for white men and seven years for white women in the United States.

Continues to Photostat Scandal-Rocked Texas Land Board's Minutes

AUSTIN, Tex. (AP)—State Sen. Jimmy Phillips proceeded today with photostating of the minutes of the scandal-rocked Texas Veterans Land Board.

Phillips seized the books by subpoena yesterday after Gov. Allan Shivers and State Atty. Gen. John Ben Shepperd complained they were incorrect and said they wanted them changed.

Phillips said his action was "to make certain, in the light of recent developments, that there is a permanent record of the minutes as they were originally entered."

A determined investigator of the veterans land scandals that have resulted in nearly 200 indictments, Phillips personally carried the books from the State Land Office to the Capitol.

The land board Wednesday ordered correction of the minutes of about 80 meetings since August 1949 on complaints that the records kept under former Land Commissioner Bascom Giles did not reflect "exactly what had transpired at the meetings."

Giles is one of those under indictment, charged with theft, conspiracy to theft and acceptance of a bribe. Others charged in connection with the 100-million-dollar program include land dealers, attorneys and notaries.

The cancer death rate among U.S. surgeons is only 66 per cent of the rate for the entire population.

Cards Rusty As Expected After Layoff

By THE ASSOCIATED PRESS
The St. Louis Cardinals yesterday looked just like a team would look after four days of rain and open dates—rusty.

Four errors, three of them in the third inning, were just what the New York Giants needed to hand the Redbirds a 6-4 defeat at the Polo Grounds.

Harvey Haddix was starting for the first time in nine days, and although he gave up just five hits in six frames, his control wasn't sharp. It was his first loss. He has one victory.

The St. Louis Cardinals hammered 12 hits off Jim Hearn and Marv Grissom. A wild throw by Ray Katt led Red Schoendienst to score from third base in the second inning with the Cards' first run. A single by Bill Virdon and Stan Musial's home run in the third made it 3-0 St. Louis.

In their part of the third the Giants pulled ahead and stayed there. Katt and Whitey Lockman singled and Repulski errored on a throw to third. Alvin Dark singled home both runners. Don Mueller doubled and Monte Irvin was as Ken Boyer fumbled his ground-er. Alex Grammas threw wide, pulling Musial off first on Willie Mays' grounder. Dark scoring the tying run. Mueller scored as Forest Castleman grounded out.

A ninth-inning single by Joe Prazier, double by Wally Moon and walk to Musial filled the bases for the Cards. Harry Elliott then hit into a force out. Prazier scoring the final Redbird run.

At Kansas City the Athletics couldn't find the right pitcher until too late last night and the New York Yankees rolled to an 11-4 victory, getting 14 hits, nine walks, three hit batters and a wild pitch.

The A's jumped into a 2-0 lead in the opening frame as Vic Power singled, Jim Finigan doubled, scoring Power, and Finigan, who took third on the throw to the plate, came home on Gus Zernial's sacrifice fly. After the A's scored once in the third Power homered with the bases empty in the fifth to end Kansas City's run-making.

The Yanks started slowly, using three singles for one second-inning run. In the third they picked up momentum with Andy Carey's triple, singles by Hank Bauer and Elston Howard, and a pair of walks for three runs.

They chased starter Johnny Gray that inning. Other A's hurriers to fail were Charley Bishop, Lou Slesater and Ed Bertschy. Marion Fricano took over in the eighth and stopped the New Yorkers. Mickey Mantle homered in the fourth with Carey on base.

The defeat ended a three-game Kansas City victory skid and came before the club's largest home crowd in its young history—32,559.

Bill White, 21-year-old first baseman for Dallas in the Texas League, is a pre-medical student at Hiram, Ohio, College during the off-season.

Ted Kluszewski, National League home run champion in 1954, hit 49 homers but none with the bases loaded.

Athletics Attendance Already Near Records For Whole '54 Season

KANSAS CITY (AP)—The Kansas City Athletics in just 10 home games have drawn 126,180 spectators—two thirds of the number the team attracted in a full season at Philadelphia last year.

The total attendance at Philadelphia was 304,666.

An overflow crowd of 32,559 saw last night's Athletics-New York Yankees game. Another sellout is expected at tonight's A's-Yankee game.

North, South Sees 2 Tigers In Golf Play

By THE ASSOCIATED PRESS

PINEHURST, N.C. (AP)—

Dave Smith, whose fine play in the North and South Amateur Golf Tournament this week has been a revelation, met another "tiger" today in the 18-hole semifinals, 20-year-old Don Kispilghoff, of Orlando, Fla.

The winner will move into the 36-hole finals tomorrow against the survivor of the match between Bill Campbell, the Walker Cup player from Huntington, W. Va., and Ed Gravelly, 34-year-old tobacco man from Rocky Mount, N.C.

Smith confessed he hadn't expected to be here this long and has had to buy additional clothing. The 28-year-old automobile dealer from Gastonia, N.C., who stands 6-5 and weighs 240, removed any doubts as to his skill and courage under pressure in the quarter-finals yesterday when he took a heart stopping, pressured 21-hole duel from Dale Morey, Walker Cup player and former professional from Indianapolis.

Smith, who won the medal with a 5-under-par 67 Monday, still had to convince the skeptics that he was the real thing, especially after he had squeaked by his first two matches 1 up.

He started to win them over with a 4 and 2 trimming of Bill Hyndman, a "class" player from Abington, Pa., Wednesday. Yesterday he removed all doubts.

Big Dave was the only player to stay even with par over the 7,000-yard No. 2 course of the country club, and he did it for 21 holes.

Kispilghoff, a confident youngster who has won the last three Florida state amateur titles, two at medal play, ousted Glenn Johnson, of Grosse Ile, Mich., 2 and 1. He finished one over par.

Santee Expected To Make Big Bid For Record Mile

By THE ASSOCIATED PRESS

DES MOINES (AP)—

That elusive American four minute mile may come from Wes Santee's long legs tomorrow.

Thwarted by only the thinnest of time margins in the past, the former University of Kansas distance runner may achieve his goal in an invitational mile, the feature attraction of the final day of the Drake Relays.

Relays Director Tom Deckard said, "If he is as good as he was at Texas he'll break 4 minutes."

Santee raced to an American record of 4:00.5 at the Texas Relays this spring, missing his goal by only a half second.

Deckard ticked off several reasons for his statement including an improved track and capable rivals to push the Kansas through-out the race.

Running against Wes will be former teammate Art Dalzell, who has served as a pacesetter for Santee in previous mile runs; Fred Dwyer, formerly of Villanova who beat Santee in the Millrose Games with a 4:06.2 race; Selwyn Jones and Henry Kennedy, both of Michigan State; Bill Tidwell of Emporia (Kan.) State Teachers, and Charles Jones, Iowa freshman.

Pitcher Meets Challenge By Bucky Harris to Win More

By ED WILKS

The Associated Press

Billy Hoelt, a lefty who has lost twice as many as he's won for Detroit in the past, told Manager Bucky Harris this spring that this is the season he becomes a winner. "Show me," said Harris.

So far, the kid's been showing him plenty. And since he started winning, the Tigers have been unbeatable, riding a five-game winning streak to within half a game of the American League lead.

It was Hoelt, a 22-year-old with three major league seasons behind him, who started the streak, shutting out the defending champion Cleveland Indians 3-0 on three hits last Saturday. And it was Hoelt again last night as the Tigers won No. 5, beating the Washington Senators 4-1.

Hoelt whittled his earned run average down to 0.95, with Washington's lone tally unearned. He walked only one and struck out six.

Except for some shabby fielding and wild pitching by the Kansas City Athletics last night, the Tigers would be in first place today with Cleveland instead of sharing second with the Indians. The A's failures allowed the New York Yankees an 11-4 triumph and with it the Bombers jumped back into the lead.

Chicago's White Sox tumbled out of first in a day game, losing to Boston and Ivan Delock, who spun a three-hitter for a 3-1 victory. Cleveland and Baltimore were idle.

In the National, Brooklyn opened up a four-game spread over second place Milwaukee, coming from behind to beat the Chicago Cubs 4-2.

The Braves were beaten by Willie Jones' homer in the ninth last night at Philadelphia 3-2. Cincinnati broke up a six-game losing streak 3-2 at Pittsburgh under the lights and New York's Giants beat St. Louis 6-4 at the Polo Grounds.

The Yanks tagged five Kansas City pitchers for 13 hits—including a two-run homer by Mickey Mantle—but ran three runs across in the sixth without a single safety. Two hit batsmen, three walks and an error that prevented the third out accounted for the gifts.

Delock, a 25-year-old right-hander, didn't give the White Sox anything more potent than a single, but Chicago paired two of them with a walk to spoil his shutout in the seventh. Ivan had them hitless to that point.

Brooklyn was handcuffed by the Cubs' Bob Rush until the seventh. Then the Dodgers scored four—three on Carl Furillo's seventh home run—to overcome a 2-0 Chicago lead provided by Rush's home run in the fifth. Clem Labine was the winner.

Philadelphia also had a tough time getting hits until late in the game. Gran Hamner led off the eighth with a double, only the third hit allowed by Lew Burdette, and scored on a fly to tie it at 2-2, setting up Jones' winning blow in the ninth. Robin Roberts was the winner.

The Cardinals, idle all week, blew a three-run lead in the fourth when the New Yorkers scored four times and the Redbirds committed three of their four errors. That wiped out the benefit of Stan Musial's two-run homer and sent Harvey Haddix to his first defeat. Jim Hearn won his third.

Snead Appears To Save Best Golf for Money

By THE ASSOCIATED PRESS

LAS VEGAS, Nev. (AP)—

Samuel Jackson Snead, it appears, saves his best golf for the event that qualifies him for the rich Tournament of Champions.

Then his wonderful swing goes haywire.

So it was that Snead set forth today in the second round of the \$37,500 golf attraction reclining in a tie for 15th place in a field of 21 professionals.

Leading the field with first round 69s were Ed Furgol, the reigning United States Open champion; Chick Harbert, the 1954 PGA champion, the Gene Littler, the young pro from Palm Springs, Calif.

One stroke off the pace were five men—Bob Toski, Lloyd Mangrum, Jerry Barber, Eric Monti, and Pete Cooper, a dark horse from Birmingham, Mich.

Eleven players broke par the first day over the 7,102-yard, par 36-36-72 Desert Inn Country Club course.

Rounding out this array were Cary Middlecoff, the new Masters champion, big Mike Souchak, and Marty Furgol. All were tied at 71.

Sports Roundup—

Reuben Gomez Still Favors Warm Weather for Baseball

By GAYLE TALBOT

NEW YORK (AP)—

On the day that Reuben Gomez reported to the New York Giants training camp at Phoenix three springs ago, he cheerfully told this reporter that he wasn't worth a cent as a pitcher until the weather got real hot, something approximating that of his native Puerto Rico.

He said he had learned during the brief time he had been with the Kansas City Blues in 1952 that he simply couldn't "peetch" when it was cold, that his fingers congealed and he couldn't "feel" the ball. He said he had contracted a sore arm with the Blues, and that was why he had purchased his freedom and returned to Puerto Rico.

When the Giants picked the slender righty up early in '53 on the strength of what their head scout Tom Sheehan had seen him do in the Puerto Rican League, they knew of his aversion to refrigerated ball parks.

Well, the scowling senior has pretty well repaid the Giants for having gone along with him—up to this point. He posted a 13-11 record in '53, when the club finished fifth, and was 17-9 for last year's world champions. He beat Cleveland in the third game of the World Series.

We have gone back over Reuben's case at such length because, as you might have read, he now is in deep trouble with his commander, Leo Durocher for having done a miserable job of pitching in the first two weeks of the season. It could end up in an explosion.

The weather around here has been atrocious. Day after day the sun has not shone and the temperature has dipped into the 40s. It has rained. Gomez, shivering and looking dejected, has started three games and gotten his brains knocked out each time. Rain saved him once. On Wednesday the Milwaukee Braves belted him for five runs in less than two frigid innings.

It was after the latter performance that Leo blew his stack and charged that Reuben was using the cold weather dodge as a "poor excuse," and fumed that "he was just plain lousy out there—got to order special weather for him." Fortunately, perhaps, Gomez had long since dressed and gone looking for a roaring wood fire.

We still don't know what Leo proved, except that he still is the boss. We do know that he hasn't a chance in the world of winning the pennant unless Gomez is a happy pitcher—here, not in Puerto Rico.

Stanky Admits Cards Are Off To Slow Start

By THE ASSOCIATED PRESS

NEW YORK (AP)—

Eddie Stanky, manager of the St. Louis Cardinals, stood in front of the dugout, his hands jammed into his back pockets.

"No, I wouldn't say we got off good," he said. "You never get off good unless you're in first place."

He was asked, "is it true that the Cardinals are loaded, like Birdie Tebbetts says?"

"We've got a good club," says Eddie. "Like I said in Florida, we'll go as far as our pitching will carry us."

A reporter walked over from the Cardinals bench with a note to Stanky from Leo Durocher, the New York manager. Stanky read it and passed it around with a grin.

The note read: "It is customary in the interests of amicable relationship between competing athletic rivals, if one manager desired to engage in extra curricular activities to make his requests as follow:

1. From the other manager.
2. Should said manager refuse, the opposing manager may submit his request to the higher echelon, Leo."

Stanky had asked permission to work out after the game at the Polo Grounds but had gone to Chub Feeney, the Giants' vice-president, instead of Durocher.

Stanky commented: "Leo didn't write that. One of his intelligent coaches did."

Colorado, K-State Favored In Relays

By THE ASSOCIATED PRESS

BOULDER, Colo. (AP)—

Host Colorado and Kansas State of the Big Seven Conference are co-favorites to displace Colorado A&M tomorrow as champion of the Colorado Relays.

Colorado's 25-man and K-State's 21-member teams are rated a shade better on the basis of comparative performances this season.

Other strong bids for team honors may be made by Wyoming University with 24 entries and Ft. Hays, Kan., State with 26. Other collegiate competitors will represent Denver, New Mexico and Kansas University.

Holman Leaps Into Ratings After Victory

By THE ASSOCIATED PRESS

NEW YORK (AP)—

Johnny Holman's astonishing ninth round knockout of Ezzard Charles today vaulted the comparatively unknown Chicago fighter into a fifth ranking in the heavyweight division in the monthly ratings of Ring magazine.

Editor Nat Fleischer moved the 27-year old Holman behind Cuba's Nino Valdes, England's Don Cockell, Pittsburgh's Bob Baker and New York's Hurricane Tommy Jackson.

Charles, the 33-year old ex-champion, was dropped from fourth to sixth place.

Holman and Tony DeMarco, the Bostonian who won the welterweight crown by stopping Johnny Saxton in the 14th round, were named the fighters of the month by Fleischer.

Saxton was ranked as the No. 2 contender behind Carmen Basilio, of Canastota, N.Y. Basilio meets DeMarco for the title in Syracuse, N.Y., June 10.

Harold Johnson of Philadelphia regained his No. 1 berth among the light heavyweight contenders, succeeding Joey Maxim. The Cleveland veteran was demoted to third behind Johnson and Brooklyn's Floyd Patterson as a result of his defeat by middleweight champion Carl (Bobo) Olson.

In the middleweight class, France's Charley Humez is the No. 2 man behind Philadelphia's Joey Giardello.

There was much shifting in the lightweight group. Ralph Dupas, the young New Orleans speed boy, advanced into the No. 1 spot, replacing Italy's Dullio Loi who fell to second.

Percy Bassett of Philadelphia, who recently flattened France's lightweight champion Serafin Ferrer, regained the leading berth among the featherweight contenders.

Chico Vejar Favored Over Italian Boxer In Syracuse Match

By THE ASSOCIATED PRESS

SYRACUSE, N. Y. (AP)—

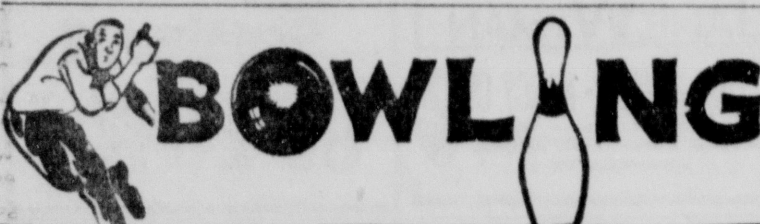

Chico Vejar, the fighting collegian, is a 1-3 favorite to beat Italy's Paolo Melis tonight and stretch his latest unbeaten string to 10.

The two welterweights meet in a 10-rounder at the War Memorial Auditorium. The bout will be broadcast and telecast (NBC) starting at 9 p. m. (EST). Melis is making his TV debut.

This is Vejar's second straight TV bout in the auditorium. The 23-year-old NYU dramatic student from Stamford, Conn., outpointed Billy Graham April 1. His record is 60-4-1, including 31 knockouts.

Melis, former Italian welterweight king, has a record of 33-7-2 with seven knockouts.

The bout will be judged by the referee and two judges. Scoring is by rounds with a supplementary point system also used to help break draws. The winner of each round gets from one to four points, the loser none.

Frozen brussels sprouts are widely available and so nutritious that they can be used often to good advantage in family menus. Try serving them with browned butter and toasted almonds. Or team them with cream sauce and a topping of crisp crumbled bacon.

Business Back To the Spring Peak In 1953

By SAM DAWSON

NEW YORK (U)—Business recovery has brought industry and trade roughly back to the peak they climbed in the spring of '53. The month of May could see new records set in many lines.

The feeling that the recovery is firmly based grows among businessmen. This leads an increasing number to look for good business all through this year, giving 1955 an excellent chance of being the best year yet.

May gives every sign of confirming this belief.

As for the longer pull, President Eisenhower says he's had no "earnest warnings" from his economic advisers of a possible downturn in the second half of the year. What his advisers apparently worry about most is the chance that the business upsurge might tempt the country to "get into a false rush and then fall back."

Warnings against such overconfidence and speculation have come recently from Washington. The Federal Reserve Board has raised margin regulations for the second time this year making it necessary to put up more cash when buying stocks. Federal agencies in the housing field have put a mild curb on mortgage credit.

The big question worrying businessmen has been: What will happen if the home-building fever cools, if auto production stops its record pace?

One answer is offered today by the economists at the Chase Manhattan Bank, New York's largest. They look for a further moderate rise in consumer spending, which is now gratifyingly ahead of last year. And they expect business itself to increase its spending for new plants and especially for new equipment.

"Over the year as a whole," the bank's economists think, "rising trends in these two areas should, if continued, more than outweigh the easing in autos and housing."

Girl's Case Diagnosed As Definitely Polio After Vaccine Shot

YAKIMA, Wash. (U)—Three-year-old Vicki Barrett, who became ill six days after getting her first Salk vaccine inoculation, has been diagnosed as a definite polio case. Her physician said yesterday she is suffering from the nonparalytic type of polio and is coming along well. The doctor, who requested that his name not be used, said the girl may have had the polio virus before being inoculated. He said she became ill six days after the serum was administered and the common incubation period is 14 days.

Dr. W. R. Giedt of the State Health Department said in Seattle that the vaccine used for the girl was supplied by Cutter laboratories in Berkeley, Calif.

The use of Cutter vaccine has been ordered halted while authorities investigate whether a faulty batch of the serum or mere coincidence was responsible for polio cases occurring in some children inoculated with it.

Road Commission Says Cuspidors Are Needed

DETROIT (U)—The Wayne County Road Commission is giving the manager of the new ultra-modern City-County building a bad time. The commission brought along 100 battered brass cuspidors when it moved into its shiny new quarters.

The commission insists the spittoons are needed.

Building Manager Charles G. Okman plans an informal conference with County Road Engineer Leroy C. Smith.

Lobsters have pincers on all of the first three pairs of legs although the front pincers usually are much larger than the others.

Mrs. Lavina Fugal

Modest Widow From Utah Is Mother of '55

PLEASANT GROVE, Utah (U)—A modest Utah widow, mother of eight grown children, left for New York City today to accept the title of American Mother of the Year.

She is Mrs. Lavina Christensen Fugal, 75, who knew hunger as a child and since has shrugged off adversity to raise a family and become a teacher, homemaker, churchwoman, farm leader and grower of prize flowers.

Mrs. Fugal modestly accepted congratulations from her neighbors for the honor and said "a wonderful husband and eight unusual children" were responsible.

A daughter of Danish immigrants, Mrs. Fugal obtained a teachers certificate at 18 and began giving lessons in Pleasant Valley schools. In 1900 she married Jens Peter Fugal, who died in 1945.

"Mom, could get work out of a broomstick," one of her daughters said. "And she made that work fun. She was liberal with praise. But when we needed punishment we got it."

Mrs. Fugal, though busy with family and church work, has served as director of the Utah County Farm Bureau; president of the local farm bureau; board member of the Utah County Fair and the Utah State Fair; chairman of the Home and Community Department of the Utah State Farm Bureau; and a member of the Utah County Planning Board.

She outlines her theory of raising children this way:

"I didn't believe in too many do's and don'ts. I tried to make the chores fun. And we always worked together as a family."

"When it was time to pick fruit,

thin beats, dig potatoes we all went out together and did it. We even took the babies along.

"There were times when I would lose my patience and resort to spanking. But usually I would be sorry afterward."

"I feel that in punishing children you must make the result of the misdeed overbalance the satisfaction. All of her children attended col- lege, often on money raised in part by their mother."

WASHINGTON, (U)—Sen. Capehart (R-Ind.) said today he thinks most Senate Republicans will back any decisions President Eisenhower makes in dealing with the Chinese Communists and the Formosa situation.

Polio Cases In Rise

Toll Of Inoculated Children Developing Polio Reportedly Rises To 11

WASHINGTON, April 28.—The number of children who developed polio after being inoculated with Salk vaccine manufactured by a California firm was reported today to have reached 11.

In addition, one case was reported from Georgia, where another firm's vaccine was used in the state program.

The figure of 11 was supplied by a spokesman for the Health, Education and Welfare Department.

Little Data On Cutter Probe

The Public Health Service, a branch of the department, would give out almost no information on its investigation into the vaccine made by the Cutter Laboratories, at Berkeley, Calif.

The service yesterday ordered recall of all unused vaccine distributed by Cutter after getting reports of six cases of paralytic polio among children to whom it had been given.

In Georgia's program, vaccine made by Eli Lilly & Co. of Philadelphia, was used. However, the Health Service said the report of a Georgia child developing bulbar polio four days after being vaccinated provides "no reason at this time to withdraw any lots made by Eli Lilly."

Uninformed Of Georgia Case

The service said it had not been officially informed of the Georgia case. However, it said that occurrence of one case did not warrant any action. It was noted that incubation of the disease may have been under way before vaccination.

Officials also have emphasized that they had no evidence the Cutter vaccine was faulty; the stop order was issued as a precautionary measure pending a study.

Surgeon General Leonard A. Scheele reiterated today that withdrawal of the Cutter product should not cause any change in plans of parents to have their children immunized.

Cases Now Total 11

The Welfare Department spokesman said further reports to the health service today raised the total to 11 cases, located as follows: California 7, including 3 in San Diego and 1 each in San Mateo, Ventura, Napa and Oakland; Chicago 1; Denver 1; and Idaho 2, including 1 fatal case.

The spokesman, in relaying Dr. Scheele's reiteration of confidence in the Salk vaccine, said the surgeon general ruled against any comment at this time on.

What the investigation encompasses, how long it may take, whether batch numbers have been obtained for the vaccine used in the areas in which cases developed, and on progress being made.

Sheds Some Light

However, a spokesman for the National Institutes of Health shed some light. He said that if it should turn out that the Cutter vaccine was involved in producing the disease—and "there is as yet no proof of this"—one of two mechanisms could be involved:

1. Either the vaccine accidentally contained some living polio virus, instead of being made up only of killed virus—or

2. Living virus may have been present in a dormant state in the children, and then the vaccination precipitated an active disease.

Atom Test Postponed For 3rd Time Thursday

SURVIVAL CITY, Nev., April 28.—The Civil Defense atomic test was postponed for the third time today—and the multitude of visiting observers from across the nation began dwindling away as the cost of delay mounted in their time and dollars.

Originally scheduled for last Tuesday, the shot has been held up by unfavorable winds and now cannot be held until at least Saturday.

Not Scared By Word 'Security'—

Henry Ford II Not Hesitant In Probing Wages, Other Labor-Stabilizing Theories

NEW YORK, April 28.—Henry Ford II said tonight he has no hesitation in fairly examining a guaranteed annual wage or any other theory for stabilizing labor. The word "security" doesn't scare him, he added.

But the president of the Ford Motor Co. warned against any rigid freezing of the labor pattern, any "guaranteed annual stagnation." He called automation—the

replacement of men by machines—a grossly inflated labor issue.

Speaks To Advertisers

With only passing mention of the guaranteed annual wage as such but with it apparently much in mind, Ford told the annual dinner of the Bureau of Advertising of the American Newspaper Publishers Assn. in a prepared speech:

"Perhaps what it needed is a new kind of prosperity insurance policy based on a reasonable, businesslike, pay-as-you-go plan, with limited and predictable costs."

Ford's company, one of the auto industry's big three, now is bargaining with the CIO United Auto Workers. One union goal is a guarantee of pay for so many weeks a year despite any layoffs that may occur.

Urges Examination

The 37-year-old auto magnate urged industry to examine "fairly and fearlessly all means which, consistent with free enterprise, will enhance our future prosperity and security, as individuals and as a nation."

Ford said he personally has a big stake in steady employment.

"But not just because unemployment might lose me some customers," he went on. "I realize how much a real sense of job se-

curity would promote the psychology of optimism and well-being which will keep us moving forward at top speed. It would minimize resistance to technological progress and change. It could destroy much lingering hostility to the business system and promote industrial peace.

"There's no question in my mind, then, that we should continue to explore means to so desirable an end."

On the other hand, Ford continued:

"I am just as impatient with the reactionary thinking of some union leaders, who stand resolutely against progress, who resist the introduction of new machines and methods, who seek to preserve obsolete trades and skills, who generally are wedded to the mean and miserly concept

of a mature economy that's going nowhere—in short, the advocates of guaranteed annual stagnation."

"I am just as impatient with the slavish and stereotyped thinking which has led some businessmen to consider 'security' a bad word and to brand all concern for human and social progress as communism or 'creeping socialism.'"

"I'm all for chasing the sacred cows out of the stables of business."

'Operation Ouch' Goes Well—

Pettis County Youngsters Get Inoculation At Horace Mann with Many Groups Aiding

The parade of children started Thursday morning for Operation Ouch at Horace Mann School. They were first and second graders from Sedalia and throughout Pettis County who had signed up for the polio inoculations.

The Salk vaccine was given free to those whose parents had signed the permission slips passed out earlier.

The Horace Mann students came through first, starting at 9 a. m., followed by Broadway pupils, Hughesville, Whittier, Smithton, Houstonia, the first group from Washington, LaMonte, High Point,

Striped College, Georgetown and District R-12.

Jefferson pupils came through at 11 a. m., followed by Bunker Hill, St. John's, Prairie Grove, South Side, Walnut, Anderson and Liberty, Sunny Side, Quisenberry, Camp Branch and Bothwell, Mark Twain, Sacred Heart, St. Patrick's, Longwood, Cartwright, Hubbard, Bryson, Maple Grove, McVey, Mosby and Tanglebrook. The last of the vaccinations began at 1:30 p. m.

The children for the most part accepted the injections with little protest. Some even asked, "Is it

Finish Treaties Approval

Netherlands Senate Casts Last Needed Endorsement For German Sovereignty

THE HAGUE, Netherlands, April 28.—West German rearmament received its final parliamentary blessing today. The Dutch Senate cast a historic 32-2 vote for the Paris treaties. It was the last such endorsement needed to bring West Germany into the Western Alliance against communism.

The Dutch lower house approved the pacts 71-6 March 30. So now, after nearly five years of emotional and political struggle, the parliaments of all 15 nations affected have voted for West Germany's sovereignty and the right to recruit armed forces that will eventually total a half million soldiers, sailors and airmen.

Ceremonies Next Month

Ceremonies marking West Germany's change from a former enemy to a full Western power will take place early next month—10 years after the unconditional surrender of Hitler's Reich. The signed treaties will be deposited in various capitals, formal diplomatic notice that they are in effect.

The Bonn Republic's enrollment in a seven-nation Western European Union and in the North Atlantic Treaty Organization is planned at foreign ministers' meetings opening in Paris May 7.

Enters Into NATO

The nations in the alliance are West Germany and the 14 present members of NATO: Britain, France, Italy, the Netherlands, Belgium, Luxembourg, Turkey, Iceland, Norway, Denmark, Portugal, Greece, Canada and the United States.

All signed one or more of the four Paris agreements. Spelled out in more than 30,000 words, this is what they will do:

Restore sovereignty to West Germany after 10 years of Allied occupation.

Permit Allied troops to stay on there for the defense of Europe.

Create the WEU as the framework for West German rearmament. WEU will consist of the Brussels Pact nations—Britain, France, Belgium, the Netherlands and Luxembourg—plus Italy and West Germany.

Admit West Germany into NATO as the 15th member.

Says Soviets Would Lose If They Waged War With The US Now

WASHINGTON, April 28.—Gen. Alfred M. Gruenther says that when it comes down to the capacity for delivering nuclear weapons, "The Soviets are not in the same league with us."

"In spite of the Soviet strength, if they went to war today they would lose," he told the Senate Foreign Relations Committee, "because of our overwhelming air capability."

Diem's Government In Survival Battle Against Racketeers

Viet Nam Premier's Army Battles Binh Xuyen; 100 Killed, 500 Wounded In Fighting So Far

SAIGON, South Viet Nam, Friday, April 29.—Premier Ngo Dinh Diem's pro-Western government waged an all-out shooting battle for survival today against the private racketeer army of Binh Xuyen.

More than 100 persons were killed and about 500 wounded in the first nine hours of fighting.

The rebel organization of former river pirates opened the battle early Thursday afternoon with mortar fire on the Premier's palace.

Shellfire Rocks Saigon

For hours, shellfire rocked this French-Oriental metropolis of two million people. Once the city was called the "Paris of the East." Now it is an unkempt place packed with refugees from Communist North Viet Nam.

A square mile of the city has been put to the torch by the shooting of open civil war.

The government announced early today the national army had captured seven strongholds of the rebellious former river pirates.

Controls Gambling, Vice

As a police force the Binh Xuyen has controlled the South Viet Nam capital's gambling, prostitution and other enterprises.

The fall of two of the strongholds cleared the army's road to the Binh Xuyen's headquarters in the refugee-crowded Chinese suburb of Cho Lon. One government report said the headquarters of the rebel chief, Gen. Le Van Vien, had been destroyed.

Earlier, the government had announced that the Binh Xuyen had been driven away from national army headquarters and national security police headquarters.

An American source, who declined to be quoted by name, said Premier Diem now had to meet the Binh Xuyen challenge "firmly and with force."

Cannot Stop Now

"If he stops now he might as well resign because he will not be able to govern again," the American said.

But a few hours after the fighting broke out, Chief of State Bao Dai, from his home on the French Riviera, summoned the Premier to an emergency conference in Cannes before May 3.

The chief of state, who has been bombarded by appeals for support from the Binh Xuyen and allied religious sects, also canceled Diem's military powers and handed them to Gen. Nguyen Van Vy who a few days ago took refuge with the rebellious force. Bao Dai was reported dissatisfied with Diem's handling of the crisis.

No indication of reaction there was no indication what Diem's reaction would be to the call from the Riviera.

It was Diem's effort to oust or short circuit the Bao Dai-appointed chief of the Binh Xuyen-controlled security police that led to yesterday's outbreak.

In Washington Gen. J. Lawton Collins, special U. S. ambassador to South Viet Nam, reported to the White House a few hours after

the fighting broke out.

the fighting started. He was understood to have told President Eisenhower and a two-hour National Security Council meeting that future American policy in Viet Nam could be affected drastically by the outcome of the clash. The United States has been strongly supporting the Diem government as the best available choice to mold a strong South Viet Nam to withstand the challenge of the Communist-held North.

Broom, Bulb Sale Is Off To Good Start

Team Began Canvass Of Residential Area To Aid Charities

The Sedalia Lions Club annual Broom and Light Bulb sale has started with reported good results for the first night of residential canvass. The project is to raise funds for the organization work for the blind, crippled children, other children and charity activities.

The Lions with their brooms and sacks of light bulbs are calling at the individual homes, selling and delivering and taking orders for later deliveries. The early report on the first canvass made Wednesday night was that the teams had accounted for approximately \$600 to \$1,000.

Goal for this annual sale this year is for at least \$8,000.

Starting Friday, the large trailer of the Schien Truck Lines, loaned to the Lions, will be located at Third and Ohio in front of the J. C. Penny Store. Sales will start at 7 a. m. and continue through the day up to 9 p. m. The same hours will be had on Saturday.

All brooms, rubber mats, ironing board pads, covers and dust mops have been manufactured by blind persons of Missouri through the efforts of the Business Opportunities for the Blind, known as BOMB. Lions Clubs throughout the entire country have been sponsoring such sales. The brooms the past six or seven years and the past year the light bulb project.

Miss Jean Hains Becomes Bride Of W. Elliott

At one o'clock Saturday afternoon, April 16, Miss Jean Hains, daughter of Mr. and Mrs. Ray Hains, 1003 East Broadway, became the bride of Mr. Wallace Elliott, son of Mrs. Caroline Elliott, 509 West Second, in a simple but impressive ceremony performed by the Rev. Walter P. Arnold at the East Sedalia Baptist Church. The double ring service was read in the presence of the immediate families and close relatives.

For her wedding, the bride wore a two-piece dress of white Chantilly lace over white nylon taffeta. The bodice was fashioned with a deep shawl collar, three-quarter length sleeves with sweetheart cuffs, and drapping in the back to a graceful peplum. The straight skirt was tailored with a kick pleat in the back. Her small white shell hat was covered with tiny white flowers. She carried a bouquet of white roses and stephanotis tied with white satin.

Mrs. John R. Hays Jr. was the bride's only attendant. Her rose mauve colored suit was complemented with a corsage of white carnations. Her accessories were black and white.

Mr. Veryl Barry, served Mr. Elliott as best man.

Mrs. Hains, mother of the bride, witnessed the ceremony wearing a laurel pink suit with navy accessories. Her ensemble was completed with a white carnation corsage. Mrs. Elliott, mother of the bridegroom, was attired in a navy dress with white accessories. A corsage of white carnations was pinned at the shoulder.

When the newlyweds left on their wedding trip the new Mrs. Elliott was wearing a cameo colored suit with black accessories. Her corsage was of white carnations.

The bride is employed at the Southwest Bell Telephone Co. in the traffic department.

The bridegroom is employed at the Taystee Bread Co.

They are now at home at 1603 South Moniteau.

Out of town guests were Mr. and Mrs. Walter Dawson and children, Jimmy and Judy, Washington, D.C., W. W. Hains, Marshall, Mrs. Nell Ellington, Marshall, Mr. and Mrs. W. B. Steelman, St. Charles.

Women of Moose Discuss Conference

The Women of the Moose met on Tuesday evening at the Moose Home, 114 East Second with 23 members present.

During the business meeting, presided over by the senior regent, Mrs. Virginia Luther, the spring conference, to be held in Sedalia, May 13-15, was discussed. No definite arrangements concerning the auxiliary's participation in the event, were decided at the time but various plans were suggested and will be acted upon at the next meeting.

One new member, Mrs. Larry Riley, was initiated.

A social hour followed the business meeting at which refreshments were served by Mrs. Harley Kellner and her committee.

An unusual and decorative table arrangement featured individual "egg" dolls, each wearing her Easter bonnet. No two of the doll hats were alike and beneath them were cute little faces. The centerpiece for the table was an Easter basket holding a bunny surrounded with flowers and colored eggs. Lighted tapers of yellow and green completed the Easter theme.

The clever favors which added to much the enjoyment of the occasion were made by Mrs. Bill Miller, Mrs. Pat Starkey and Mrs. Harley Kellner.

Circle Has Election Of Officers Thursday

Mrs. Ira Barres entertained members and one guest of Circle No. 5 of the WSCS of First Methodist Church with a dessert luncheon Thursday afternoon, at her home, 909 West 10th.

Mrs. Walter Rissler conducted the business meeting. The devotion was given by Mrs. F. W. Koenig. Mrs. W. H. Ritzenthaler reviewed the last chapter of the study book on "India".

The following officers were elected: Mrs. W. H. Ritzenthaler, chairman; Mrs. H. F. Rodick, co-chairman; Mrs. Frank Spait, secretary and Mrs. Andred Bordoli, treasurer.

A social hour followed the business meeting.

The next meeting will be held at the home of Mrs. Bordoli.

Relatives Surprise Mrs. M. Fichter On 96th Birthday

Mrs. Minnie Fichter was surprised Sunday, April 17, by relatives when they gathered at her home in Hughesville for a dinner in honor of her 96th birthday anniversary which was on April 13.

Those attending were Mr. and Mrs. Fred Voigt, August Voigt, Mr. and Mrs. Phillip Voigt all of Concordia, Mo., and Mrs. Clyde Knox, Mrs. Emily Voigt, St. Louis, Mr. and Mrs. Ed Fichter, Mr. and Mrs. George Fichter, Mrs. Bertha Freze, Hughesville, Mr. and Mrs. Charles Fichter and Mrs. Fred Frank, Sedalia.

Mrs. Minnie Fichter was born in Manitowoc, Wisc., and moved to Hughesville when a small child. She was one of nine children, four still living of which she is the oldest.

It was a wonderful day for the honoree, who listened and talked with everybody. She didn't miss a thing. Although she cannot walk, she gets around in her wheelchair and doesn't need to be waited on. She can hear well, see well, and gets much enjoyment out of life. Mrs. Fichter lives on the old home place with her son and his wife.

Hopewell Homemakers Have All Day Meet

Hopewell Homemakers met all day recently at the home of Mrs. Roy Stuart. A covered dish dinner was served to eight members and four guests, Mrs. Pete McFarland, Mrs. V. A. Hieronymus, Mrs. Robert Holman and Mrs. Roy Anderson.

Roll was answered with "A Food Habit I'd Like to Practice." Mrs. Clark Hieronymus gave the devotion and read a poem, "Pink Bunny."

Mrs. H. H. Nutt and Mrs. Maggie Pavne gave a report on preparing frozen food for lockers. Mrs. Ben Townsend read the news letter.

Miss Goldie Butterbaugh will entertain the club May 12.

A pint of blood was brought in — the same pint Sellers had donated to the hospital a week before.

Miss Joyce Wood, Billy J. Brummet Exchange Vows

At seven o'clock in the evening, April 16 Miss Joyce Wood, daughter of Mrs. Opal Wood, Marshall, and Mr. Robert Wood of Slater became the bride of Mr. Billy Joe Brummet, son of Mr. and Mrs. Fred Brummet, 1700 South Missouri, at the Cumberland Presbyterian Church. The double ring ceremony was performed by the Rev. Theron McCloud, pastor, in the presence of relatives and close friends. The altar was set with palms and a bouquet of white gladioli. A smaller bouquet of white carnations graced the piano.

Miss Glenda Rhoades, pianist, played "Because" and the traditional wedding marches.

The bride, who was given in marriage by her father, Mr. Bobby Dale Wood, chose a light blue street length dress with white accessories. Her corsage was an orchid.

Miss Betty Miller of Marshall, was maid of honor. She also wore a light blue dress with white accessories. Pink carnations formed her corsage.

Mr. Bennie Ray Pummill served as best man. Ushers were Mr. Jamie Wallen and Mr. Bobbie Barker.

Immediately following the ceremony a reception was held at the home of the groom's parents for the bridal party and out of town guests.

The table was centered with a three tiered wedding cake topped with a miniature bride and groom.

The bridegroom will report to Portsmouth, Va. April 24 where he will attend a naval hospital corps school.

Mrs. Brummett, a senior at Marshall High School, will join her husband in Virginia following graduation.

Rebekahs Discuss Plans to Attend Four State Conclave

Green Ridge Rebekah Lodge No. 830, held its regular meeting on Monday night at the hall with the Noble Grand, Miss Galdys Fletcher, in charge of the meeting.

Following the opening ceremony, Mrs. Mattie Myers read the scripture lesson from 113 Psalms.

Members reported that flowers and get well greeting cards had been sent to members and others in the community. One application for membership was read. The members voted to again give a \$50 scholarship to the most deserving girl graduate of the senior class of the Green Ridge High School.

The members also voted to hold a bake sale on Saturday, May 7, at the H. H. Ream garage window.

Plans were discussed for attending the four state conclave of Rebekahs and Odd Fellows which was held on April 22 and 23 at the Municipal Auditorium in Kansas City. Mrs. Albert Tucker reported on the pep meeting of Rebekahs and Odd Fellows held at Fayette recently which she and several other members attended.

Mrs. Otis McNew thanked the members for the flowers, handkerchief and congratulation card shower during her recent stay in the Bothwell Hospital.

Mrs. Jim Reed and Mrs. Mattie Myers served refreshments to 26 members and a social hour was enjoyed.

CAPPancake Day Saturday Big Success

The Civil Air Patrol Pancake Day held Saturday was a big success in spite of tornado warnings, threatening thundershowers, rain, hail and dust storm. Between 800 and 900 persons were served pancakes from 6 a.m. until after 7 p.m.

It was a beehive around the Mike O'Connor Chevrolet-Buick used car lot at Third and Osage from 11 a.m. until 1 p.m. and the rest of the time it was a steady serving of customers.

The cook tent was up and down so many times from 3 a.m. until noon that the C.A.P. members decided about 1:30 p.m. to take it down and leave it down. The field kitchen stoves of the 35th Division Headquarters here in Sedalia which were being used didn't seem to mind it a bit. The rain sprinkled then hail, then clear weather. The heat was turned on the stoves dried off, the pancakes flew.

The procedure occurred over and over again. The C.A.P. members, the Cadets of the Sedalia Squadron and wives of the members got so used to it, that they finally decided to keep going and let fall what might, just so long as the customers came.

Finally after about the third rain a loud speaker was placed into use and notified the people on the street the pancakes were again ready, and again the customers came.

The Sedalia Air Force Base, through the courtesy of Col. A. J. Beck, commanding officer of the 340th Bomb Wing, and Col. Charles Neill, commanding officer of the base, had a display on the corner of the lot to give an Air Force touch to the surroundings.

A large General Electric jet engine which cost \$48,000, a large display board with Air Force pictures showing activities of the local base, aircraft, and buildings at the base, along with survival and flying equipment was exhibited. Several hundred persons who waited their turn to eat pancakes enjoyed visiting with the Air Force representatives, looking over the exhibit and listening to explanations of what the equipment costs and how it is used, along with the break down of monies expended in Sedalia and territory.

On duty from the Air Base were A-1c Robert R. McCann, and A-2c Robert M. Cohen of the Field Maintenance Squadron, A-2c Stanley C. Howe of the 488th Bomb Squadron, Captain John N. Herbst Information Service Officer at the SAFB was on duty throughout the day assisting the Civil Air Patrol with various activities and also working with the Airmen on duty with the exhibit.

Maj. Bill Padgett, commanding officer of the Sedalia Squadron of the Civil Air Patrol, expressed the gratitude of the Squadron of the support of Sedalians given the pancake day activities. He stated the monies would be used in the Cadet program as well as to obtain necessary things for the Squadron which are not furnished by the U. S. Air Force.

Marilyn Garrett Gets 'M' Rating In State Speech

Miss Marilyn Garrett, Smith-Cotton senior, attended the state speech contest, prose interpretation division, at Columbia last Friday. She rated an "M", which is in comparison with the rest of the speech students in the state of Missouri.

There were five divisions of speaking: interpretation of prose literature, interpretation of poetry, extemporaneous speaking, original oration and radio speaking. Miss Garrett was one of 15 in the interpretation of prose literature. The selection read from Robert Benchley.

The judge for the event was one of the directors of speech from the University of Wisconsin. The meet took place on the campus of the University of Missouri.

Miss Garrett was accompanied by Miss Ann Sawford, S-C speech coach, and Miss Glenda Haney.

Get Certificate For Benefits In Kansas City

Many of the Missouri farm operators, farm workers and household employees who will become eligible for the expanded Social Security Act coverage in 1955 are among an estimated 40 million Americans who do not have birth certificates or other means of officially proving their ages, a necessary requirement in qualifying for social security benefits, according to Supervisor Henrietta Alderson of the U. S. Census Bureau's district office in Kansas City, Mo.

These persons, however, may obtain this information from the historic records of the U. S. Bureau of the Census.

Transcripts of personal census records can be obtained from the Census Bureau upon payment of the cost of searching the records. Federal funds are not appropriated for this service and the fees charged are used to pay the salaries of the searchers and to cover the cost of the necessary office supplies.

A fee of \$3 is charged for searches of two censuses of one individual, given routine handling. Expedited handling can be obtained for a fee of \$4. Routine handling generally requires from four to six weeks to complete while expedited handling is usually completed in one or two weeks.

Persons desiring transcripts of their personal Census records may obtain application blanks and information from Supervisor Alderson whose office is located at 1713 F.O.B. 911 Walnut, K.C., Mo., or by writing to the Bureau of the Census, Washington 25, D. C.

Former Sedalian Is Appointed To Mayor's Office

Paul Edwards, former Sedalian and son of Mrs. J. H. Edwards, 2600 East 12th, has been appointed mayor of DeSoto for the 1955-56 Council year. DeSoto is under the city manager form of government, with the City Council elected and the Mayor appointed by the Councilmen. He was first elected to the City Council in April, 1954 and was re-elected this year for a three year term.

Mrs. Edwards, too, is from Sedalia. She is the former Catherine Orr, daughter of Mr. and Mrs. Earl Orr, 1601 South Snead. In February 1947 they moved from Sedalia where Mr. Edwards is employed by the Missouri Pacific Shops as a blacksmith foreman. He is a graduate of Smith-Cotton High School and started to work at the Missouri Pacific Shops in Sedalia in 1931 as blacksmith apprentice. During World War II he was in the Seabees serving as Petty Officer in the South Pacific area.

The Edwards family is active in the St. Andrew's Methodist Church, where Mr. Edwards is president of the Methodist Men's Club. He is a member of the Masonic Lodge in DeSoto and of the Scottish Rite in St. Louis. Since living in DeSoto he has given much service to that community serving on the park board and taking part in all civic affairs.

Mr. and Mrs. Edwards have one daughter, Paula, seven years old.

Pfc. Buso Completes Mortar Instructions

Marine Pfc. Ernest V. Buso, son of Mr. and Mrs. Richard Buso of 409 East Harvey, is among those who completed six weeks of instruction on the 4.2 mortar at Kaneohe Bay, T.H., in April.

The course, conducted by the 4th Marine Regiment for members of its 42 Mortar Company, ended with a firing exercise at the northeast end of the island of Oahu.

The 4.2 mortar, firing a shell containing eight pounds of TNT, is the most effective and hardest-hitting weapon used by a Marine infantry unit. The weapon can be brought to bear on an unseen target within five minutes of the initial call from a forward observer.

trip to Jefferson City one day next week.

At the March PTA the nominating committee gave its report on the officers for next year. These were elected: Mrs. Albert Anderson, president; Mrs. Dan Smith, vice-president; Mrs. Lawson Smith, secretary-treasurer.

A bus load of Hughesville students went to Warsaw Monday night to a music contest. The band rated 1. Deloris Lewis, baton 1. Doris Wallis, baton 2 and Wanda Williams, baton 1.

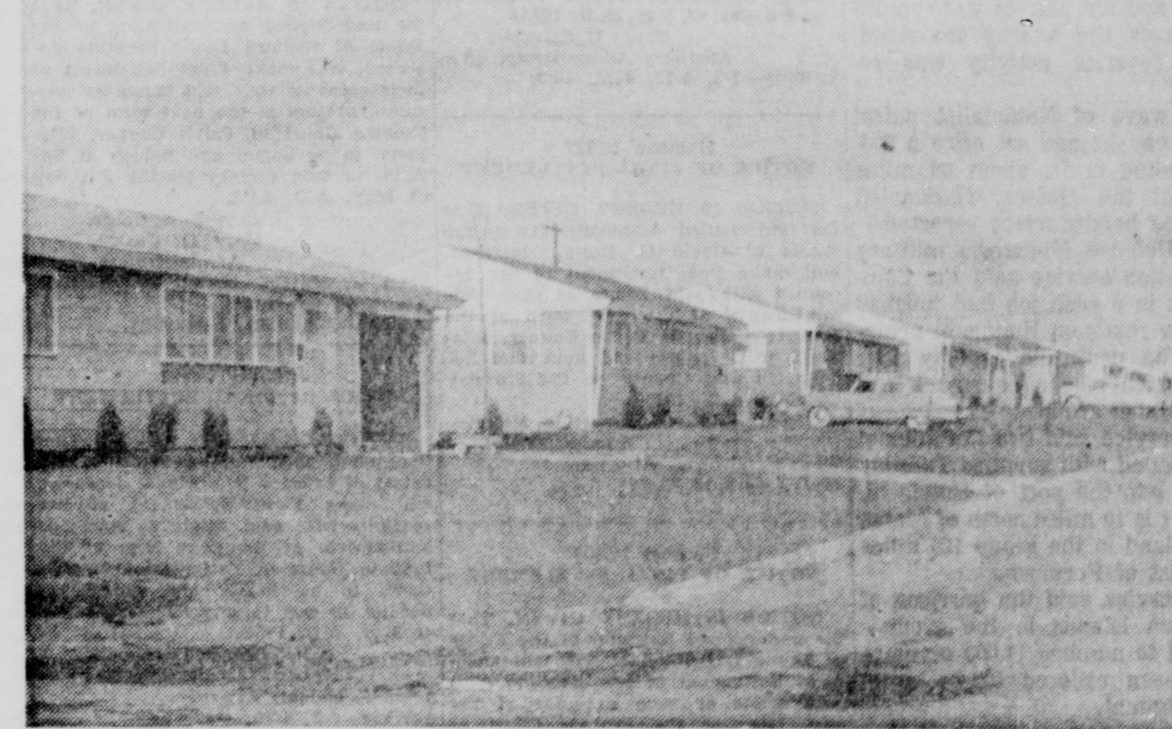

The new addition to the Hughesville school is complete except for minor details. The new grade rooms are decorated in pastel colors for the walls, green chalk board, and plenty of tackboard space. Almost the entire west wall is windows giving abundance of light. The first second and third grades occupy the new rooms and have been enjoying them for several weeks. There are new rest rooms in modern design and several other rooms for office space and teacher's lounge.

REMEMBER THE DAY?—This photograph of the "Dry" parade that was staged in Sedalia in the summer of 1911 is the first of a series of picture features to be carried by The Democrat-Capital. This colorful demonstration was a part of nation-wide sentiment of temperance organizations to abolish old "Demon Rum." In the lower right corner two ladies and children watch the parade from their parked buggy, as crowds of men line the curbs and sections of the street. Since this memorable day many changes have marked this intersection of Fourth and Ohio. On the far right is a corner of the Newton Connor Dry Goods store. The Bothwell Hotel is situated on this corner today. In the background is the old Pettis County courthouse that was destroyed by fire in the early morning hours of June 22, 1920. Five years later the present building was completed at a cost of \$250,000. National news reports played up the verbal battles between "Wets" and "Drys," and headlines included, "No Harm in Drink," and "Man Robbed of 'Squirrel' Whiskey." A local item of interest from the Salvation Army declared that three babies would be given away at a future service, with an added note that ice water would be served in the building.

Eisenstein Confers With Vice President

David Eisenstein, general agent for Mutual of Omaha in Sedalia, was at the home office in Omaha this week for conferences with H. C. Carden, vice-president of the firm. They discussed new and broader coverages in the company's policies.

Indiana Youth Apprehended In Stolen Car

James Fox, 20, who gave his home as Muncie, Ind., was apprehended four miles west of Sedalia on Highway 50 Friday afternoon by State Trooper of the Missouri Highway Patrol, with a car reported stolen from Ft. Scott, Kan.

The youth, according to Trooper Gregory, said he was under parole from Hutchinson, Kan., Reformatory, where he said he had been sent for stealing an automobile while he was in the Navy.

Trooper Gregory said he noticed the car with the youth looking at it and stopped to investigate to see if he could be of any help. He questioned Fox, who said he was having trouble with the transmission on the 1948 Oldsmobile sedan.

During the questioning, the youth said he was in the Navy and was being transferred from Hutchinson Naval Base to Norfolk, Va. He failed, however, to produce any papers as to his identity or his transfer and a check was then made on the automobile. It was then learned the car had been stolen at Ft. Scott.

Fox was brought to Sedalia and placed in the county jail. A Federal Bureau of Investigation agent arrived Saturday and interviewed the youth. He said he would file charges Monday and that a United States marshal would come for him and take him to either Jefferson City or Kansas City to appear before a United States commissioner.

Much Damage In Tornado Near Tipton

An afternoon tornado struck about four miles east of Tipton Saturday, causing an estimated many thousands of dollars damage to farm buildings and crops. The winds reportedly did severe damage in a strip extending approximately four miles from southwest of Tipton to northeast of the city and about one-half mile wide. The area was struck by the tornado about 2:50 p.m.

Nine farmers in that area reported many farm buildings blown over and damaged and trees uprooted.

The tornado lasted about two minutes and was accompanied by hail, measuring about one inch in diameter and after the blow was over hail was left standing four inches in depth in places. Farmers in the area also reported windows in their homes were broken and many crops laid bare by the hail.

Two of the farmers affected by the winds, Major Rowles and L. W. Billingsley, each estimated their losses at \$15,000 to \$20,000.

Americans Won Battle With Bourbon

NEW YORK (AP)—America introduced a secret weapon to win a draw with the Russians in an odd hospitality war fought along the Elbe River 10 years ago.

That weapon, it now may be revealed, was Kentucky's bottled breakfast of champions — 100-proof bourbon.

As soon as the two Allied armies linked up, a number of celebrations were held. In the first flush of enthusiasm they were largely spontaneous get-togethers between small groups of individuals or officers from both armies, marked by cordiality and good will on both sides.

But as the parties went up, echelon by echelon, from division to corps to army level, the atmosphere subtly changed. The cordiality and good will became formalized.

In this exchange of hospitality the Russians held a big edge. We wealthy Wall Street imperialists had little more than stern canned combat rations to offer. The simple virtuous peasant Soviet warriors, on the other hand, seemed to have a pipeline of plenty that led straight to Moscow. When they were hosts, the tables groaned with piles of caviar, fat cheeses, fresh cucumbers, all kinds of rich tidbits you usually find only in expensive restaurants — and an endless number of carafes filled with vodka.

The Russians took a rude edge in trying to toast the Americans under the table. And it must be admitted that many of our men, worn down by months of clean living in the field, were ill-prepared to face the Soviet vodka barrage. As one officer remarked weakly after the 20-umouth toast:

"I thought Russian roulette was played with revolvers, not vodka glasses."

The lavishness reached its peak at a party thrown by Marshal Ivan Zonov, now Russian deputy minister of defense, for Gen. Omar Nelson Bradley and his staff.

Forewarned on the insidious impact of vodka, Bradley and his officers had guarded against it by swallowing quantities of canned milk and mineral oil.

Konev himself, a bald, powerfully built man, proved the first loophole in the Russian hospitality siege. He turned down the vodka and reached for a glass of white wine as an interpreter explained, "The marshal has stomach trouble."

Bradley, who is no drinking man himself, immediately switched to white wine, too, and had no trouble matching Konev toast for toast. Grinning, Bradley leaned over to a correspondent friend and whispered, "How 'I' doing?" He was doing perfectly. So were his mineral-oil-fortified staff. They easily met the Russian officers on equal terms.

Following a tremendous repast, a Red army chorus sang the "Star Spangled Banner," but apparently were safe from being corrupted by it as they had memorized the lyrics without understanding them.

A ballet troupe, obviously professional, then put on a splendid performance, but when Bradley praised the dancers, Konev merely remarked blandly:

"Just a few girls from the Red army."

When it came time for Bradley to hold a return courtesy party, a question arose over what liquid refreshments to offer.

"They served us their national 'We'll introduce them to one of ours—bourbon.'"

Although it was evident the Russian officers had been warned to be on their best behavior, two of them quickly wilted under the belting of bourbon toasts. After a polite sniffer, Konev turned to his interpreter with a strained look and muttered, "Too strong. Too strong."

After dinner a violinist who had been specially flown there from Paris entertained the group. When Konev praised his playing as magnificent, Bradley replied with a straight face:

"Oh, it's really nothing. He's just one of our American soldiers."

The violinist happened to be a guy named Jascha Heifetz. Ten years later Gen. Bradley still feels that — thanks to bourbon and Heifetz — the Americans earned at least a draw in their hot hospitality war with the Russians on the river Elbe.

The first flight by the Wright brothers was 120 feet which is less than the wing span of a modern airplane.

Illinois House Okays Million-Dollar Outlay For Salk Polio Vaccine

SPRINGFIELD, Ill., April 28—The Illinois House today approved a million-dollar outlay for Salk polio vaccine for distribution to 250,000 of the estimated 1,800,000 youngsters who won't receive it in school.

The state Senate approved a similar bill Tuesday, 46-0.

Rep. John Lewis of Marshall, Republican majority leader, said during debate that the bill would be signed immediately by Gov. Stratton. Lewis added that the money would be available by month's end for the vaccine purchase.

Tentative Agreement By Drivers, Builders

ST. LOUIS (AP)—A tentative agreement on a new contract has been reached between about 200 AFL truck drivers and St. Louis home builders.

Richard Higginbotham, president of the builders, and Rudy Palada, secretary-treasurer of the Teamsters Union Local 682, made the joint announcement yesterday.

Landing Makes Detour

KAWAGUCHI, Japan (AP)—A U.S. Army light plane, out of gas, landed yesterday on a road leading to Kawaguchi. Until the plane was gassed for flight to Tokyo, cars were forced to detour on another road.

Trucks take 89 per cent of U.S. food to its first market.

Highway Dept. To Oil Surface Roads In Area

In December of 1954 the State Highway Department announced that the surface of the following roads would be oiled during the 1955 construction season.

Several routes in Pettis County including Route B from the end of the present blacktop to Route 12; Route 135 from Route 30 to the Cooper County line, and Route M from Route D to Houstonia.

Intensive maintenance work has been carried out on these roads during the past four months, and with favorable weather conditions the actual oiling will be started at any time within the next four weeks.

The oil will be placed in these applications with a time lapse of six weeks or more between the first and last applications. It is planned to keep these roads open to traffic by oiling on one side of the road at a time and allowing the oil to dry as much as possible before oiling the other side. This method will require long stretches of one-way traffic and considerable inconvenience to drivers. "Fresh Oil" signs will be placed at the limits of the work in order that drivers may be forewarned. During oiling operations these roads should be avoided, when possible.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

Anthony Eden, shooting at four for four, is entering the biggest month of his career.

The new British Prime Minister always has given the impression of submerging politics to the nation's business, especially with regard to foreign affairs, but this time he has run into a natural tieup. Not so much that he is playing politics with foreign issues, but that he is letting them play politics for him.

The word has come that Eden is trying for big things before his party faces the voters in the May 26 elections. He hopes to present them with Formosa peace talks, Austrian independence and an approach to a Big Four conference, as evidence that the government is getting ahead with what they want most, peace. Then he expects them to hand him political victory.

At first glance, this may seem like an extremely ambitious three-week program.

Actually, Eden has the times at work for him. Hopes are high now that the four-power ambassadors meeting with the Austrians next week will come up with a treaty which will leave the foreign ministers little to do but sign after the NATO conference in Paris.

In connection with the NATO conference, where Germany will be admitted to membership, assuming final agreement between France and Germany on the Saar by then, the Big Three foreign ministers will meet to lay plans for another conference with Russia on more general issues.

Such a meeting can hardly be held for several months, but it will be the start which Eden seeks.

On the Formosa question, however, there is much farther to go. Eden has alerted his representative in Peiping to see what can be done to bring the Chinese Reds and the United States together around the conference table. That an actual settlement on Formosa can be reached or even discussed is in serious doubt. What does seem possible is that talks can be held looking toward renunciation by the Reds of the use of force. Pakistan now has the inside track as chief go-between, having made contact with Chou En-lai at Bandung. But if Britain can get some credit even for just getting talks started it will give Eden just about all he needs right now.

Three of his hits—Austria, Big Four and the election—seem pretty sure anyway.

Matsus Alerted For A Possible Russian Attack

TAIPEI, Formosa, April 28—The Matsus Islands today were alerted for a possible Chinese Red attack and air patrols were multiplied over the nearby mainland, where feverish activity was reported.

One wave of Nationalist patrol planes caught and set afire a 300-ton landing craft, about 20 miles north of the Matsus, Nationalist air force headquarters reported.

The Defense Ministry's military information service said the Communists in a rush job had finished two new roads on Huangchi peninsula. The peninsula is only four miles north of the nearest island in the Matsus group.

The service said two Communist ships loaded with supplies Tuesday slipped into the port of Huangchi. The port is 10 miles north of Matsus main island in the group 120 miles northwest of Formosa.

The service said the garrison of the seven islands in the group—believed to number 11,000 or more—had been ordered to be especially vigilant.

Air force headquarters said that air patrols over the mainland were being intensified.

Burns Not Serious After Explosion At Meadow Gold Plant

Paul F. Wensch, Jr., 1614 East Sixth, suffered burns over the front of his body in an accident with a milk condenser at Beatrice Foods plant at Fifth Street and South Ohio Wednesday morning.

Wensch's condition is described by Dr. Pete Siegel as "satisfactory." He suffered first and second degree burns over his arms, chest, abdomen and legs when the condenser lost its vacuum, broke the vacuum seal, and milk boiling at a temperature of near 165 degrees was thrown over him.

Plant Superintendent Cecil Monsees said Wensch was unable to get out of the way when the explosion occurred. He was admitted to Bothwell Hospital at about 11:30 a.m. Wednesday.
